19 MARCH 2026

UNHCR-IOM FLASH UPDATE #86

ARREST AND DETENTION | FLOW MONITORING (15 September 2023 – 14 March 2026)

INTRODUCTION

In response to the Ministry of Interior's (MoI) decision of 26 September 2023 to enact an "Illegal Foreigners' Repatriation Plan", UNHCR, the UN Refugee Agency and IOM, the UN Migration Agency, have collated their data on the arrest, detention, and deportation of Proof of Registration (PoR) holders, Afghan Citizen Card (ACC) holders, and undocumented Afghan nationals as well as on the outflows of Afghan nationals at the Torkham, Ghulam Khan, Chaman, Badini and Bahramcha border crossing points, to better understand the protection environment and movements of Afghan nationals returning to Afghanistan from Pakistan.

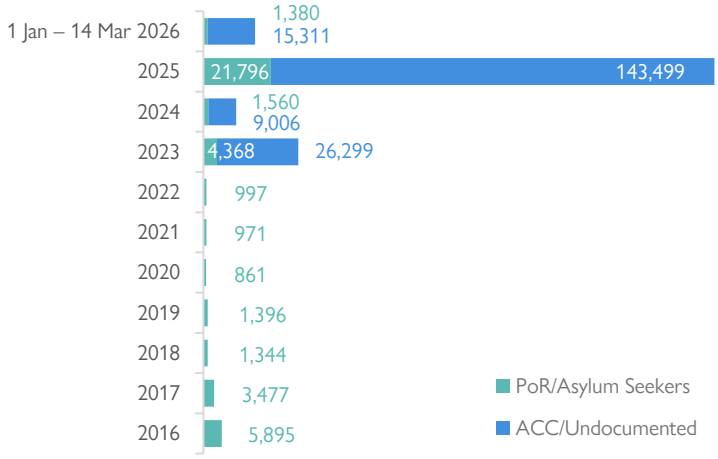
In 2025, the Government of Pakistan (GoP) issued several directives impacting Afghan nationals. In January, the GoP announced that Afghan nationals should relocate from Islamabad Capital Territory (ICT) and Rawalpindi, or else face deportation. In April, further announcements indicated the implementation of the second phase of the "IFRP", targeting ACC holders, in addition to undocumented Afghans. In July, the GoP issued a Statutory Regulation Order (SRO) directing the repatriation/deportation of PoR card holders following the expiry of PoR card validity on 30 June. The GoP later indicated a deadline of 1 September for PoR holders to leave Pakistan, before the start of the repatriation/deportation process. UNHCR issued a press briefing expressing concern regarding the decision and urging the GoP to exempt Afghans with international protection needs, as well as those with particular circumstances or vulnerabilities, from involuntary return.

KEY FINDINGS AND LIMITATIONS

Prior to 2023, there was no data collected on the arrest and detention of ACC holders or undocumented Afghan nationals. Since January 2023, IOM has started to collect this data. The figures, particularly of undocumented Afghan nationals, should be considered underreported.

- During the reporting period (8 – 14 March) a total of 1,533 Afghan nationals were arrested and detained, marking a slight 7% decrease compared to the previous week.
- Out of all arrests and detentions during the reporting period (8 – 14 March), ACC holders and undocumented Afghans represented 88% of the total rate of arrest and detentions, and PoR holders represented 12%.
- During the reporting period (8 – 14 March), 50% of the total reported arrests and detentions took place in Balochistan, 20% in KP, 18% in Sindh, and 8% in Punjab.
- Across Pakistan, the top three districts for arrest and detention between 1 January and 14 March 2026 are Chaghi (Balochistan), Islamabad (ICT), and Karachi (Sindh).

ARREST AND DETENTION BY YEARS



% OF ARRESTS BY LOCATION (1 January – 14 March 2026)

UNHCR-IOM FLASH UPDATE #86

ARREST AND DETENTION **FLOW MONITORING** (15 September 2023 – 14 March 2026)

IOM border monitor conducting an interview at Chaman border. [IOM Pakistan 2026]

KEY FINDINGS

- Cumulatively, from 15 September 2023 to 14 March 2026, 2,100,962 individuals have returned.
- During the period 8 – 14 March 2026, UNHCR and IOM estimate 2,537 Afghans returned through the Torkham, Ghulam Khan (located in Khyber Pakhtunkhwa), Chaman, Badini and Bahramcha (located in Balochistan) border crossing points to Afghanistan.
- Between 8 – 14 March 2026, the number of returns increased by 1% while deportations decreased by 25%— compared to the previous week of 1 – 7 March 2026 (2,502 returns including 1,726 deportations). During 8 – 14 March 2026, a total of 2,537 returns were reported, including 1,298 deportations. Returns increased slightly in line with seasonal trends ahead of Eid. Deportations decreased due to the closure of the Torkham border and reduced arrest operations, following higher levels in the previous week after the reopening of the Barabcha border.
- For the returns from 8 – 14 March 2026, most of the returnees were undocumented (91%) followed by ACC (5%) and PoR holders (4%). Majority of the POR returns were processed by UNHCR through the Voluntary Repatriation Centers (VRCs).
- For the deportees from 8 – 14 March 2026, most were undocumented (98%) followed by ACC holders (2%).
- Since 1 April 2025, 1,246,929 Afghan nationals returned, of which 167,971 (13%) were deported. During the period, fear of arrest remained the main reason for return among undocumented individuals and ACC holders (95%) while strict border entry requirements were the primary driver for PoR holders (57%).
- During the same time period, returnees were most likely to return from Quetta (19%), Haripur (11%) and Attock (9%) in Pakistan and intend to go to Nangarhar (27%), Kabul (20%) and Kunduz (15%) in Afghanistan.

CUMULATIVE | 2023 – 2026

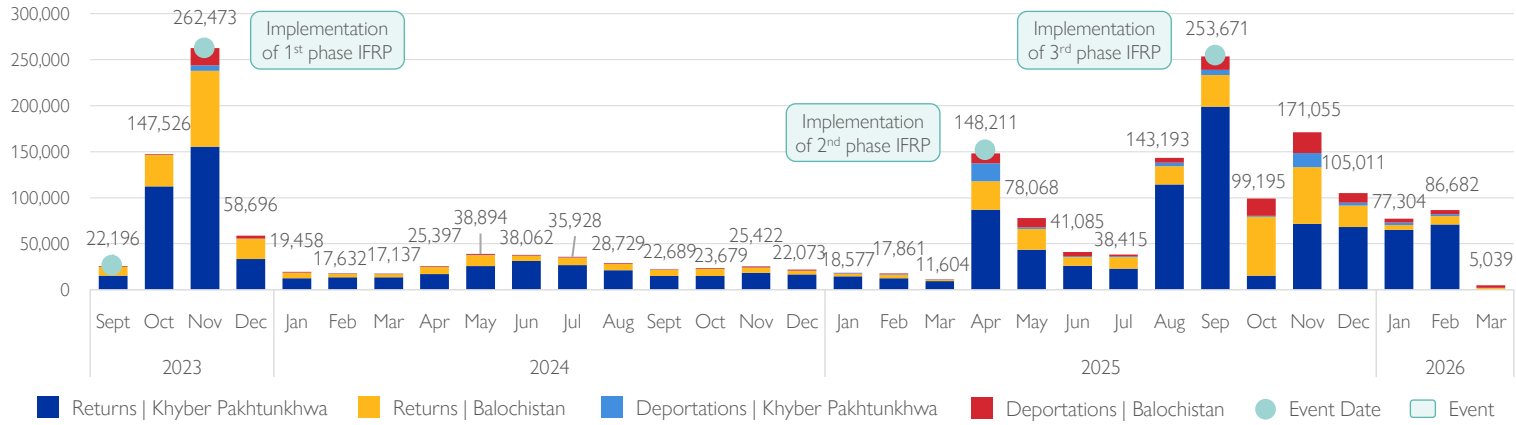
Undocumented ***	1,278,471 (68%)
ACC holders	114,945 (6%)
PoR holders ****	498,204 (26%)

DOCUMENTATION – TOTAL DEPORTEES

ACC/Undocumented (15 Sep 2023 – 31 Mar 2025)	39,333
Undocumented (1 Apr 2025 – 14 Mar 2026)	135,579
ACC holders (1 Apr 2025 – 14 Mar 2026)	19,274
PoR holders ***** (15 Sep 2023 – 14 Mar 2026)	15,156

TOTAL RETURNS AND DEPORTATIONS | 15 SEPTEMBER 2023 – 14 MARCH 2026



* This number includes returnees who received post-arrival assistance by the IOM-led Border Consortium in Afghanistan at Torkham and Spin Boldak border crossing points.

** The number refers to facilitated PoR returns through VRCs who crossed the border during the reporting period.

*** Includes 50,396 Afghans who were registered with UNHCR.

**** Refers to all groups of undocumented Afghans, including of holders of expired PoR cards who did not renew their PoR cards during the latest verification exercise conducted by the GoP in 2021 (DRIVE).

***** This figure refers to PoR holders based on interviews conducted with returnees in Afghanistan.
