

SYRIA REFUGEE RESPONSE

LEBANON. Shelter Sector Activities Mapping: Number of Completed Shelter Interventions as of 30 June, 2013

Reported Number of Completed Shelter Activities by District, and the Registered Household Number

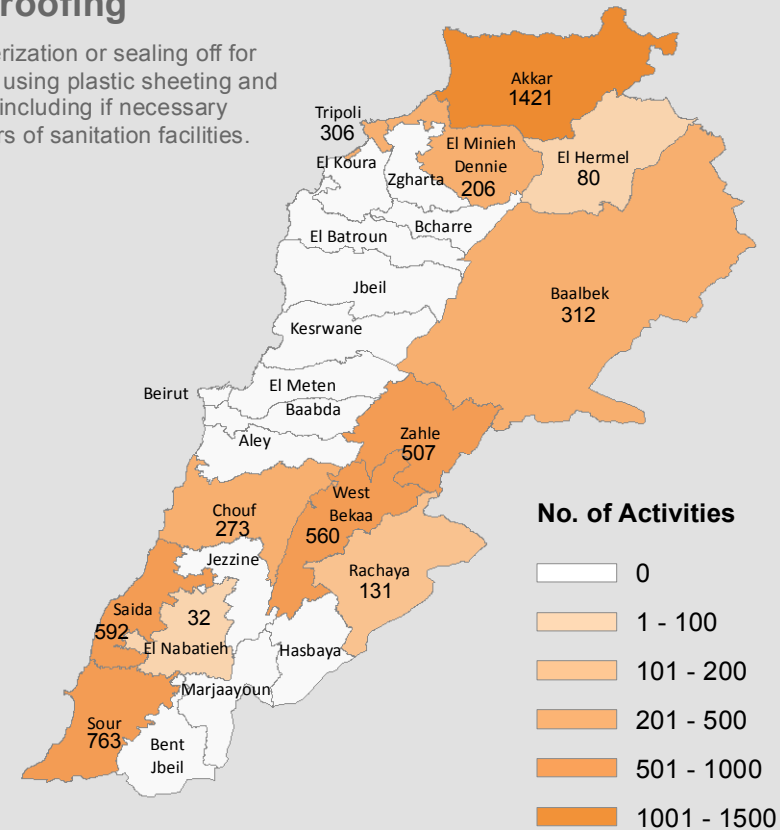

Public Private Collective Centers (CCs)

Medium or large Private and Public buildings with large capacity in term of accommodation.
CCs as to be rehabilitated with the strict respect of indispensable standards.

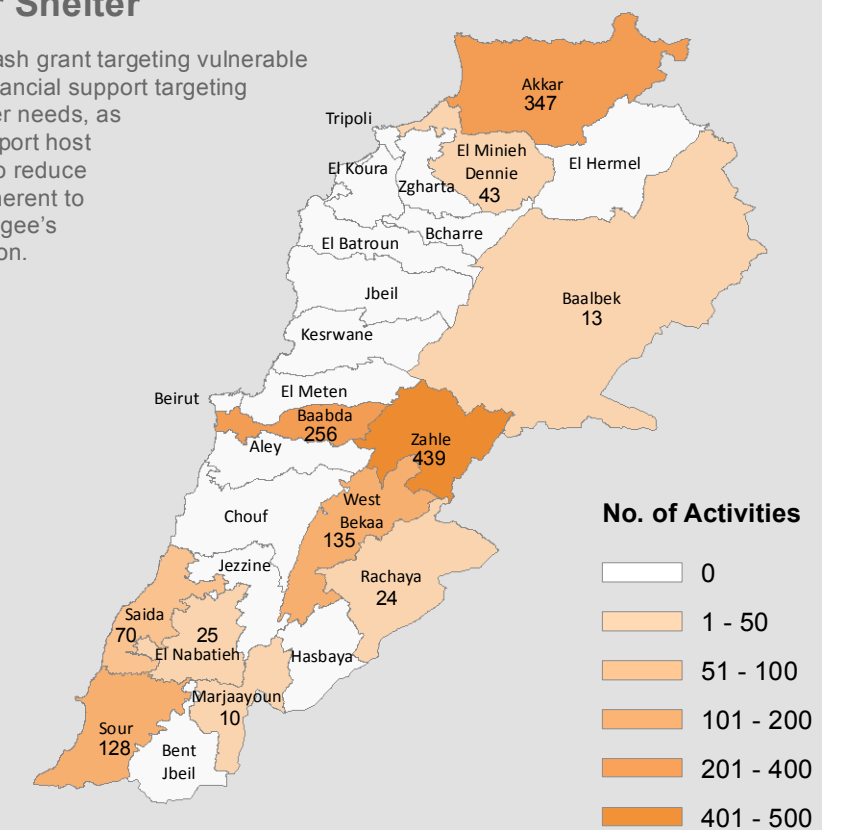

Weather Proofing

Emergency winterization or sealing off for individual shelter using plastic sheeting and external doors & including if necessary basic quick repairs of sanitation facilities.

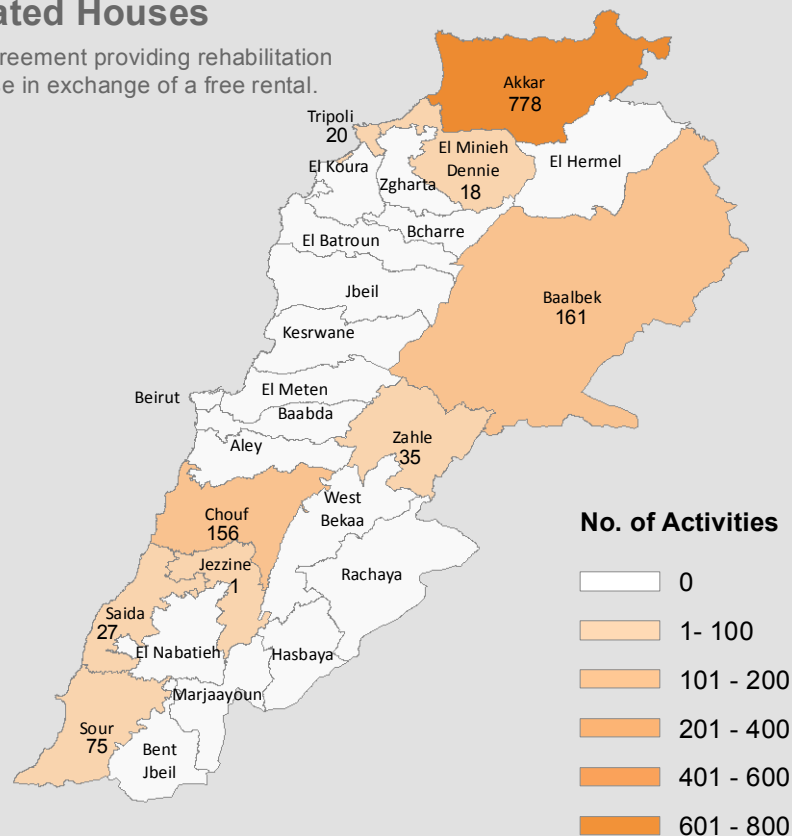

Cash for Shelter

Conditional cash grant targeting vulnerable cases as a financial support targeting primary shelter needs, as well as to support host families and to reduce the fatigue inherent to long term refugee's accommodation.

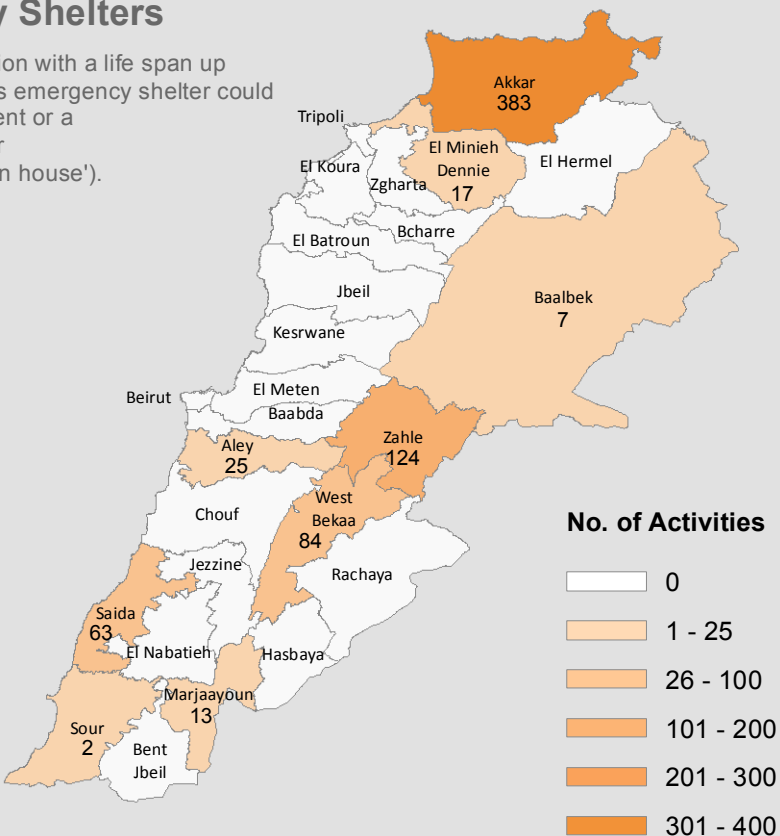

Rehabilitated Houses

Based on an agreement providing rehabilitation of the host house in exchange of a free rental.

Temporary Shelters

Lightweight solution with a life span up to 12 months, this emergency shelter could be a winterized tent or a temporary shelter (also called 'green house').

Number of Registered Households by District
