

WINTERIZATION STANDARD

For registered refugees receiving regular cash assistance:

- A winter supplement of 70 JD monthly, for four months, totaling 280 JD. (This would be intended to cover fuel costs for heating, but in part at least may be used to contribute towards rent.)

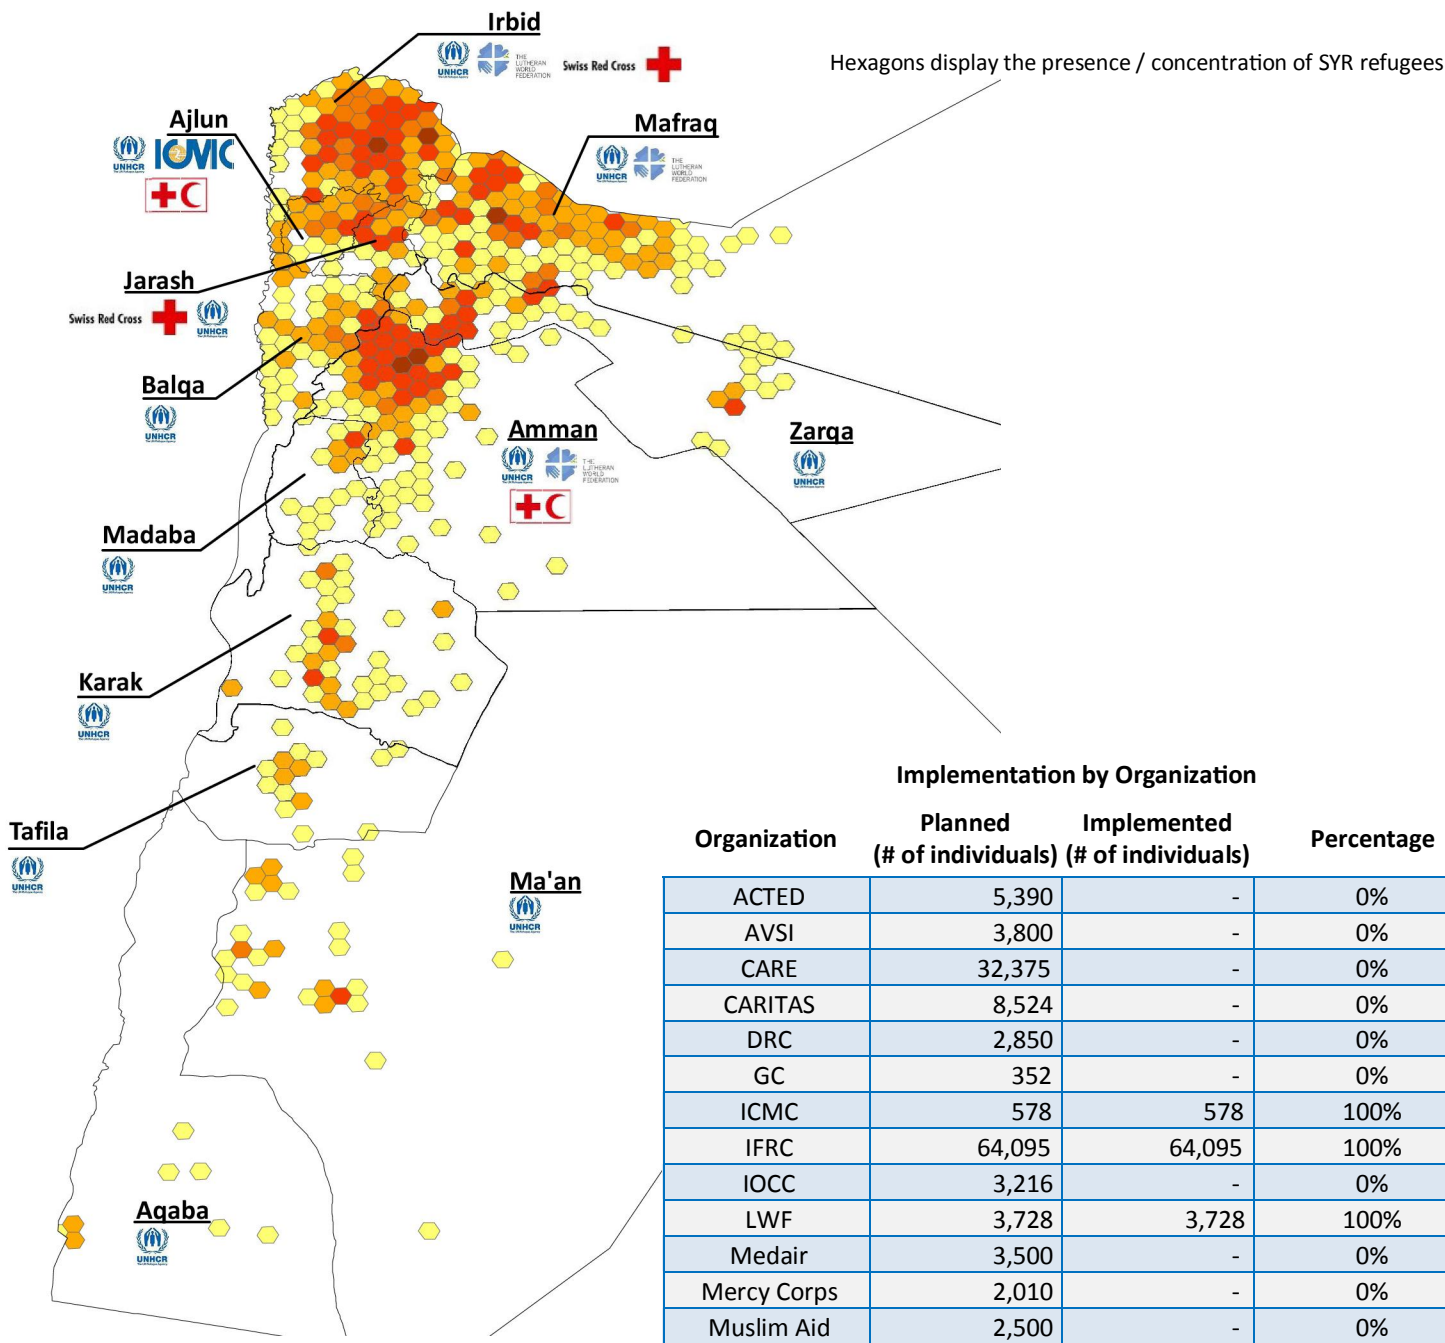

For vulnerable Syrians who are unregistered or awaiting registration:

- A more complete package, matching the NFI item list above, totaling 400 JD. This is intended to be a one-off cash supplement to cover the entire winter.
