WELCOME TO AZRAQ CAMP

WELCOME TO AZRAQ CAMP

Azraq Camp is a civilian camp **for Syrian Refugees** that has been set up thanks to the hospitality of the Jordanian government.

This camp is managed by the Jordanian Government through the Syrian Refugee Affairs Directorate (SRAD) with the support of the United Nations High Commissioner for Refugees (UNHCR).

UNHCR is a non-political, non-profit and neutral humanitarian organization. It provides protection and assistance to refugees. UNHCR is the lead agency in Azraq camp and works with other humanitarian organizations to provide you with basic services as described below.

ALL REFUGEES IN THE CAMP ARE PROVIDED BASIC ASSISTANCE FREE OF CHARGE.

The camp is subdivided into villages, blocks and plots and most services are available on village level.

This document will inform you about services and relevant telephone numbers and maps out the locations of the most important facilities in the camp and specifically in the village you stay.

If you have any questions or concerns, please contact UNHCR or visit the CARE Community Center located in your village. All staff are trained to assist you and answer your questions about services in the camp, as well as on your rights and responsibilities.

If you have received a SIM-card from UNHCR, you can call the UNHCR helpline free of charge. Other calls and text messages are subsidized.

BEING SAFE IN THE CAMP

SRAD represents the Jordanian government in Azraq camp and is responsible for the safety and security of all its residents. Law and order at the Azraq Camp are enforced by the SRAD, who are present in the camp 24 hours a day. Azraq camp is a civilian camp and all residents are expected to abide by Jordanian laws.

SRAD IS, TOGETHER WITH YOU, RESPONSIBLE FOR YOUR SECURITY IN THE CAMP.

Community police officers are on duty in your village at all times. If you have any concerns for you or your family's safety and security please visit the Community Police or if you would like to report any incident, please visit the main police station.

In case of an emergency, which could include security matters, medical emergencies or fire, please call 911 and provide your location and describe the nature of the emergency.

If you wish to apply for a leave permit, bailout or family reunification, please approach the SRAD police station on Sundays from 8am - 3pm. Visitors can be received in the visitors area from Monday to Wednesday 8am - 3pm.

Please note that the Jordanian authorities will no longer issue a Ministry of Interior (MOI) service card to refugees who leave the camps without 'bail out' authorization from the SRAD.

THE CONSEQUENCES FOR LEAVING THE CAMP WITHOUT OFFICIAL AUTHORIZATION FROM SRAD ARE SEVERE.

You will not receive an MOI service card. Additionally, the Government has instructed UNHCR to stop providing asylum seeker certificates to refugees who have left the camp without authorization. Without these documents, you will be unable to access free public services like health care or education, or receive food vouchers from WFP, outside of the camp. The authorities could also evict you from your temporary residence or worse, return you to Syria.

PROTECTING YOUR RIGHTS

In order for us to help you, you need to:

- Notify the UNHCR Protection about any changes in your family situation (birth, marriage, death, etc.).
- Keep your UNHCR telephone number active. We can only contact you if the numbers we have are correct.
- Visit the UNHCR protection unit if you are afraid that your rights will be or have been violated.
- If you have lost your ration card, please visit the UNHCR protection 9am - 3pm from Monday to Thursday.
- Register the birth of your child. Birth registration is for you to protect your child. Birth registration is also the right of every child. Please approach the UNHCR Protection staff for assistance.
- Send your children to the Child-friendly spaces.

Water and Sanitation

The camp provides safe and drinkable water in water taps located alongside the roads.

Water is delivered at the taps twice daily (7-11am and 3-7pm).

Water is chlorinated, and tests are performed regularly to assure the quality of the water. Chlorine may give a taste to the water but the water is drinkable at all times. Please use water wisely. Jordan is a water scarce country.

**Dispose all dirty or used water in the latrines or bathrooms.
This will avoid stagnant water and reduce the number of
flies, mosquitoes and rodents in the camp.**

**All faeces, including those of babies and young children,
should be disposed of in the latrines.**

**Keep your village, block and plot clean by putting garbage
in the barrels. The barrels will be emptied every day.**

**Keep your toilets/showers clean - cleaning of toilets and
showers is the responsibility of the users.**
