AGENDA

1. Introduction
2. **Registration update**
3. Storm update- GoL disaster management
4. Host Community tracking
5. Protection update (evictions and border policies)

Registration as of 31 Dec. 2014

21 days waiting period

1,158,995

Total

1,146,405

Registered

12,590

Awaiting

December-Syrians

☐ **Registration**

- 13,400 individuals registered vs. 12,000 in November
- Slight increase mainly due to increased capacity of staff

☐ **Renewal-Verification**

- Close to 22,500 individuals verified.
- In 2014, approximately 470,000 individuals have been verified.

☐ **Appointments Requested**

- 19,500 appointments requested vs. 14,000 requests in November; an unexpected increase possibly due to the temporary lift in border restrictions for few days.

☐ **Inactivations**

- 4,800 individuals inactivated through the five verification methodologies.

Registration Analysis 2013 vs. 2014

Cumulative: January-December

2013

2014

59,000 individuals/month

37,000 individuals/month

Trend: 37% decrease in new registration per month

Registration Analysis 2014

January-July (Pre border restrictions)

2013

2014

61,000 individuals/month

48,000 individuals/month

Trend: 21% decrease in new registration per month

August-December (Post border restrictions)

2013

2014

55,300

21,200

Trend: 62% decrease in new registration per month

Registration Analysis 2014

Pre Border Restrictions: January-July

48,000 individuals/month

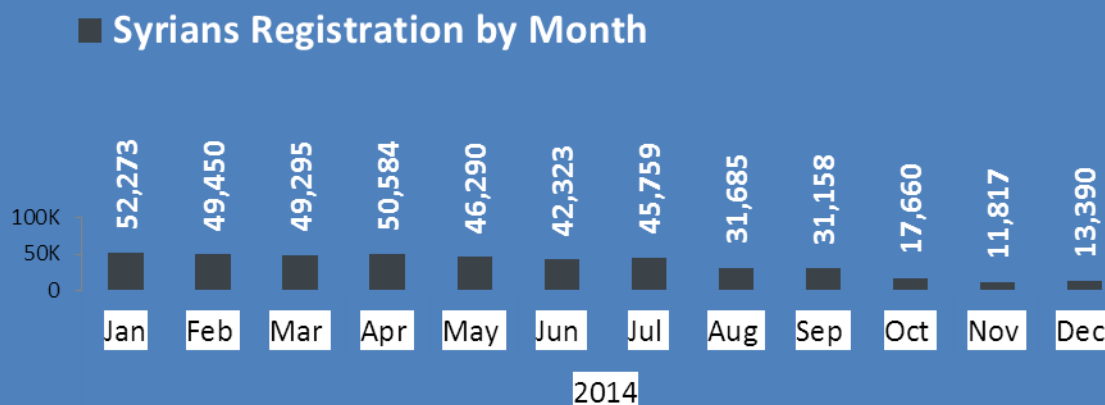

Post Border Restrictions: August-December

21,200 individuals/month

Trend: 56% decrease in new registration per month due to border restrictions

Registration Analysis 2014

- Projected new registration: 52,500 individuals per month.
Actual: 37,000 per month.
 - Major decline first noted in August.
 - 30% less than projections.
- Projected new appointments: 63,000 appointments per month.
Actual: 46,150 per month.
 - Major decline first noted in September.
 - 28% less than projections.
- Projections for 2015: to consider last 3 months of 2014, i.e. approx. 15,000 per month

Thematic Questionnaire

December 2014

To obtain information on refugee's actual access to education in Lebanon after the MEHE acceptance of Syrian children in school

January 2015

To obtain baseline information on shelter conditions of Syrians in Lebanon

Verification

- Core UNHCR activity for on-going registration.
- Information checked and updated to reflect significant changes affecting protection and assistance.
- Checks if individual is in fact, or continues to be, a person of concern in Lebanon.

- Leads to individuals remaining active or inactivated based on 5 methodologies:
 1. Refugee did not collect/redeem WFP E-card for 3 consecutive months.
 2. Refugee did not renew his/her registration certificate at the appointed time nor within 3 months thereafter.
 3. Refugee has left Lebanon as reported by nuclear family member.
 4. Refugee did not show up to the scheduled Renewal-Verification interview.
 5. Refugee re-settled/re-established in Syria and no longer requires protection in Lebanon.

AGENDA

1. Introduction
2. Registration update
3. Storm update- GoL disaster management
4. Host Community tracking
5. Protection update (evictions and border policies)

➤ Pre-storm preparations

- Coordination in all areas between agencies and partners on a response plan
- Winterization activities: Cash for winter – weatherproofing – NFIs – etc.

➤ Storm

- Wind: Damage to shelters
- Flooding and mud (informal settlements)
- Roads closed
- Temperatures low

➤ Immediate response

- Additional distribution of sealing off kits, plastic sheeting, weather-proofing kits, floor-raising kits, blankets, mattresses, stoves, winter clothes, etc.
- UNHCR stocks of shelter material and NFIs are made available for partners who request them (many agencies including LRC).
- Municipalities have been distributing the items that were on hand (bread in Shebaa and hot meals by DAF in Aarsal).

➤ Post-storm

- Assessment of damaged (shelters)
- Advising people in informal settlements on how to prepare drainage channels to reduce water

AGENDA

1. Introduction
2. Registration update
3. Storm update- GoL disaster management
4. **Host Community tracking**
5. Protection update (evictions and border policies)

Host Community Tracking

Support to Lebanese Host Communities
and Public Institutions under RRP6

- Overview of direct and indirect support provided to Lebanese individual, communities and public institutions as part of the RRP6.
- Showcase that a lot was done for Lebanon under RRP6.
- Second edition launched with the LCRP (first one with the RRP6 MTR).
- Facilitated by UNDP as sector lead for SC-LH / Focal point for Host Communities, with input from information managers, sector leads, and main UN Agencies.
- Agency-neutral document – to be used by all partners.

Key findings

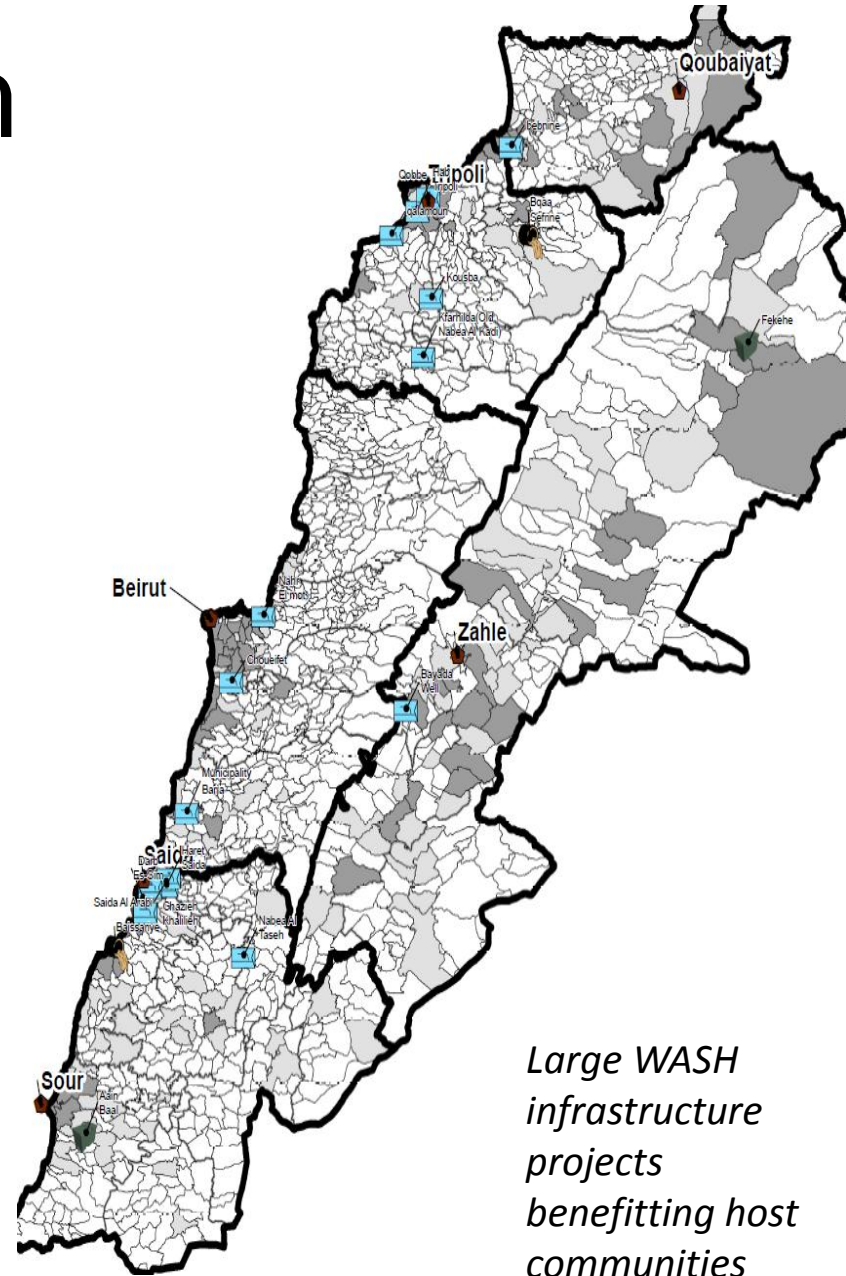

- Estimated USD 171.2 million direct to institutional and host community support or 19.6% of RRP6 mobilized funding (conservative estimate)
 - USD 77.9 million for support to public institutions.
 - USD 93.3 million for community support.
 - 33% of the LCRP or USD 726 million will target the stabilization priorities of Lebanon.
- UNDP study on the impact of humanitarian aid flows on the Lebanese economy (preliminary results):
 - 800 million worth of international assistance in 2014
 - 1.28 growth generated (multiplier value of 1.6).

Overview – support to public institutions

- USD 27.9 million to assist the Ministry of Education and Higher Education.
- USD 27.7 million to the Ministry of Public Health to strengthen the public health system.
- USD 11.1 million to support the Ministry of Water and Energy through assistance to Water Establishments and Municipalities.
- USD 4.9 million to strengthen the capacity of the Ministry of Social Affairs.
- USD 1.8 million to the Presidency of the Council of Ministers.
- USD 1.5 million to support the most affected Lebanese by contributing to the new food component of the National Poverty Targeting Programme.
- USD 1.5 million to the Ministry of Interior and Municipalities and the General Directorate of General Security.

WASH – key num

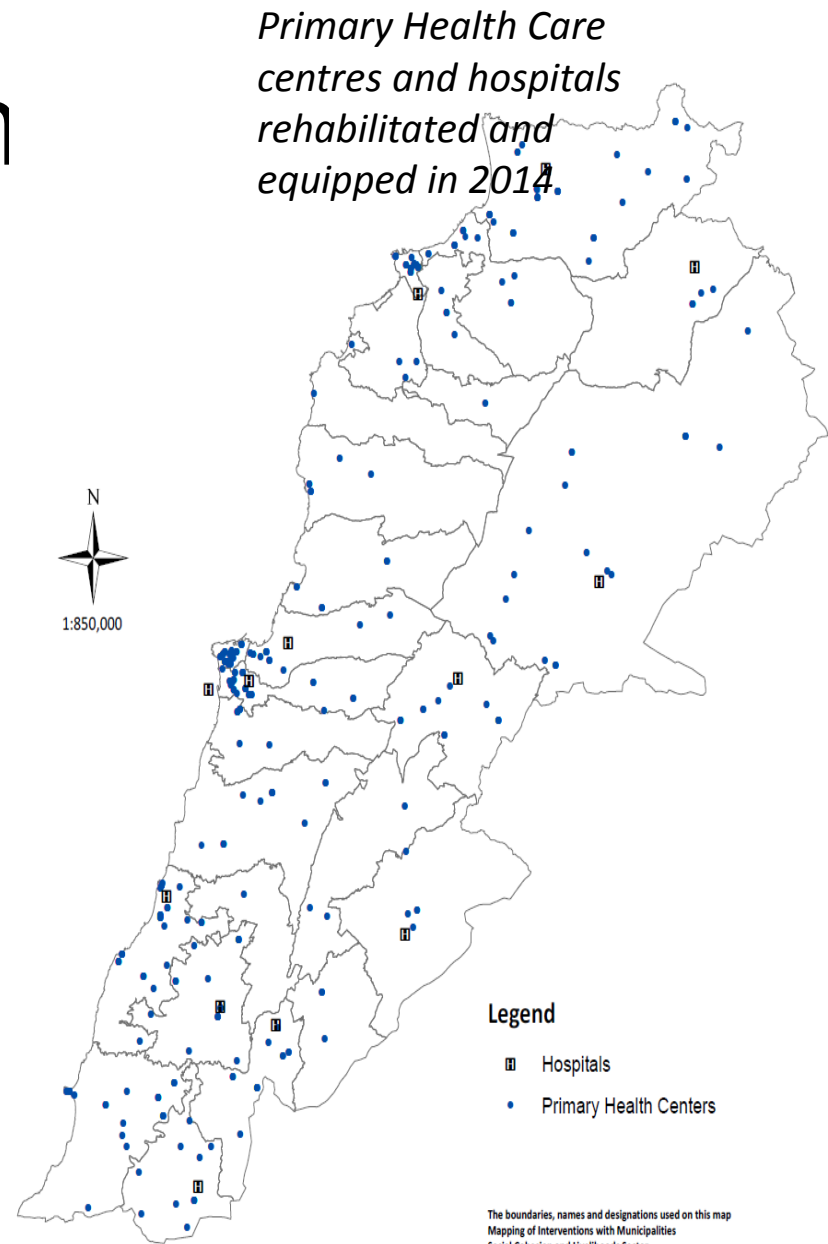

- 468,000 vulnerable Lebanese benefitting from increased access to solid waste disposal
- 525,000 Lebanese benefitting from improved access to safe and clean water
- 130,000 vulnerable Lebanese benefitting from improved access to waste water facility
- USD 112.2 million requested by the WASH Sector for stabilization activities in 2015.

*Large WASH
infrastructure
projects
benefitting host
communities*

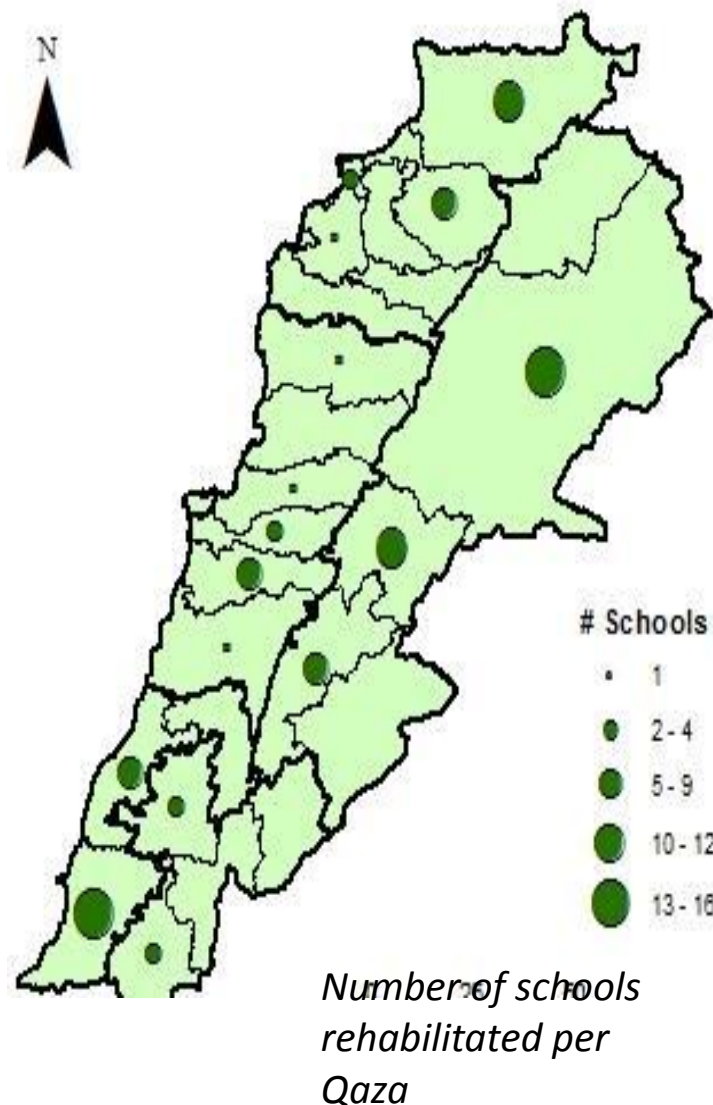

Health - Key num

- 180 Primary Health Care Centers provided medical supplies and equipment
- Polio campaigns maintained coverage above 95% helping Lebanon to remain polio free
- USD 6 million in pharmaceuticals and supplies procured
- USD 92 million requested by the Health Sector for stabilization activities in 2015

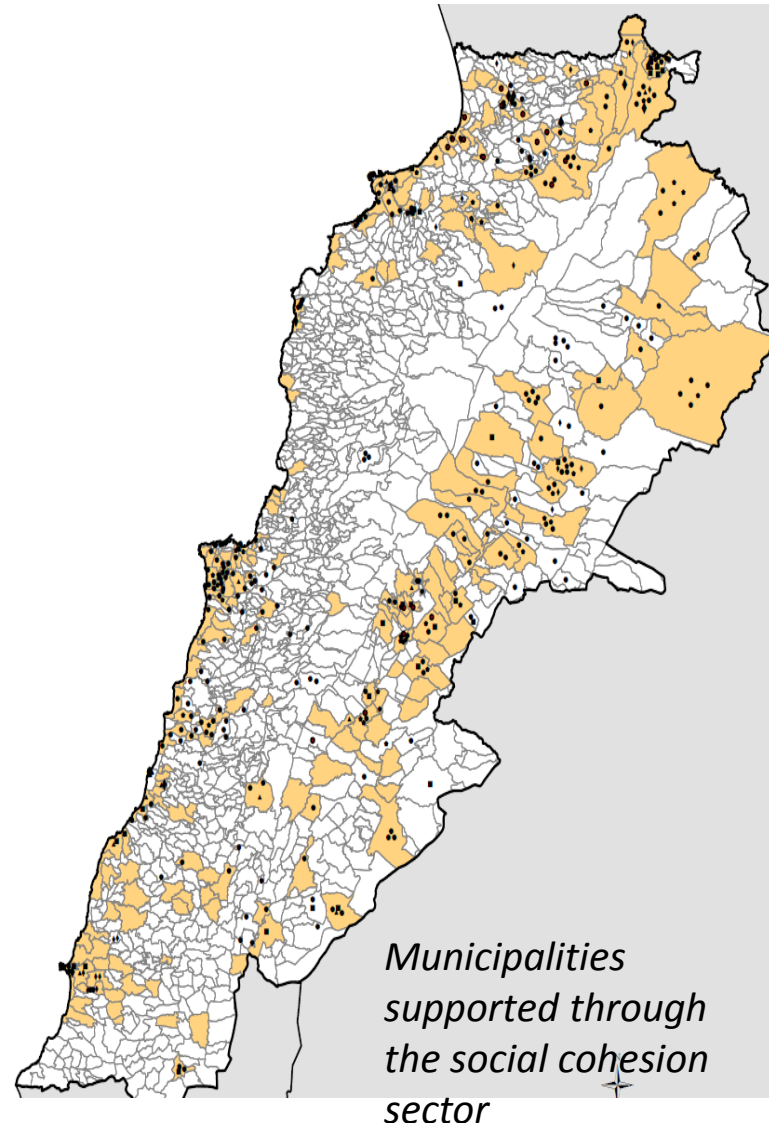

Education - Key numbers

- 2,675 teachers and education staff trained
- 93 schools rehabilitated
- 29,961 Lebanese children accessed formal and non-formal learning programmes
- USD 67.5 million requested by the Education sector for stabilization activities in 2015.

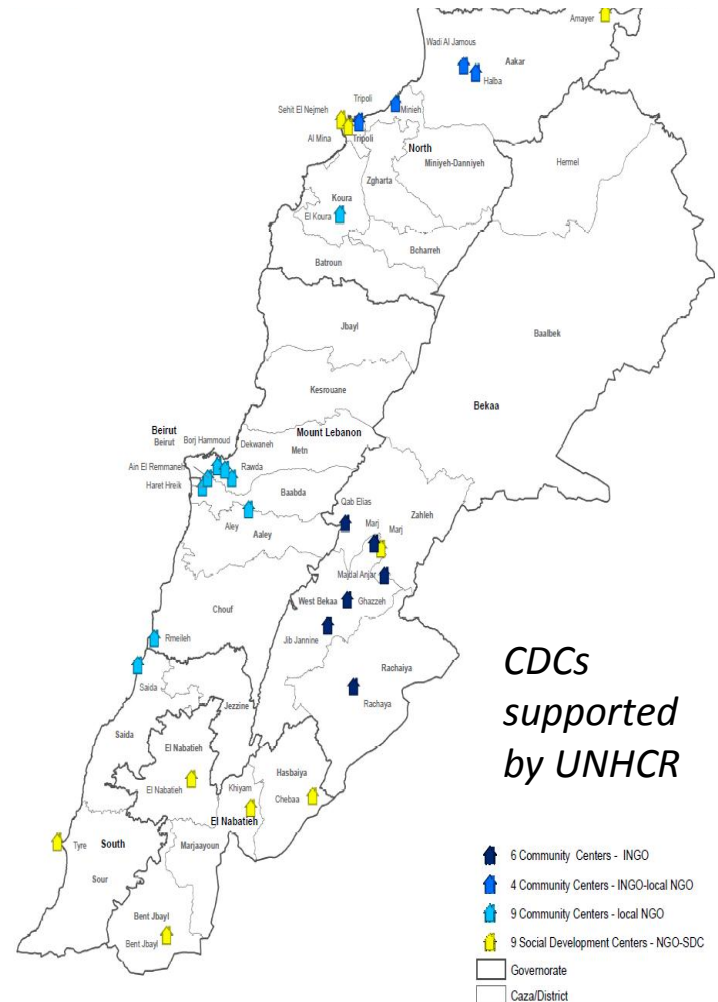

Municipal and Community Support and Livelihoods – Key numbers

- 244 municipal and community support projects implemented in 2014
- USD 20.2 million invested to meet priority needs of host communities.
- USD 284.3 million requested by the sector for stabilization activities in 2015.
- 145,000 Lebanese targeted for Livelihoods programmes in 2015.

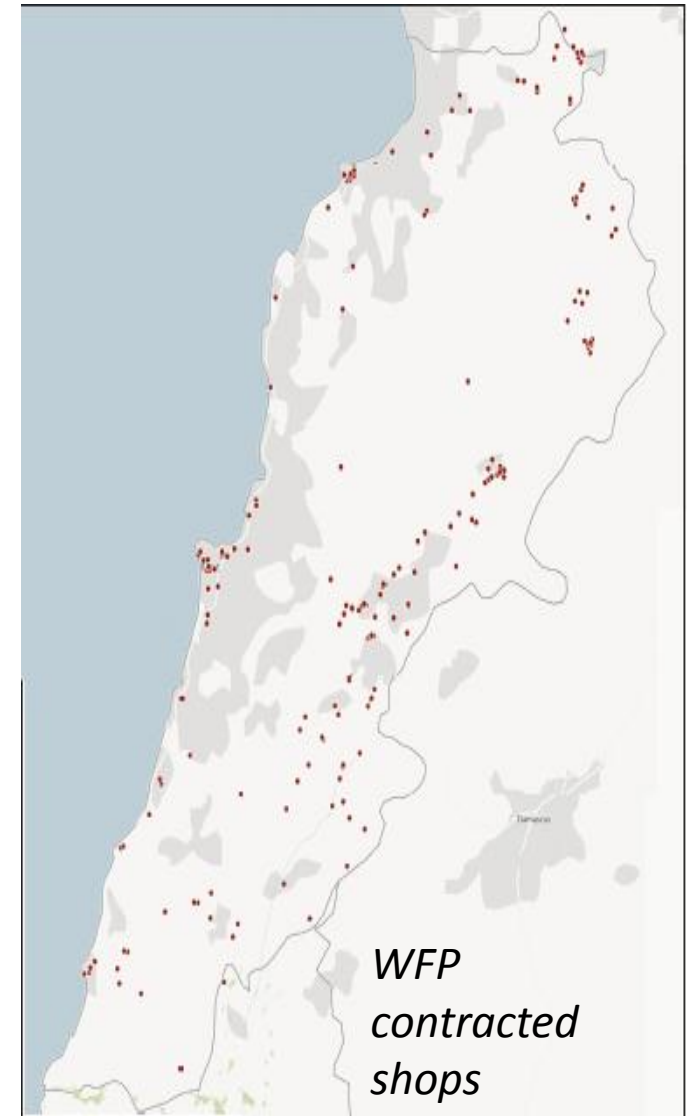

Protection, Child Protection and Sexual and Gender-Based Violence – Key numbers

- 66 Social Development Centres received support to provide social services to Lebanese and refugees.
- 6,000 Lebanese women and girls used SGBV services
- 25,500 Lebanese children participated in psychosocial activities
- USD 48 million requested by the Protection sector for stabilization activities in 2015.

Food security – key numbers

- 1,300 jobs created in stores participating in food assistance
- National Poverty Targeting Programme reached 27,200 Lebanese beneficiaries
- 95 percent of all cattle in Lebanon vaccinated
- USD 62.4 million requested by the Food Security sector for stabilization activities in 2015.

Shelter – key numbers

- USD 9.3 million invested in the rehabilitation of 11,000 private houses
- USD 32.5 million – estimated average rent paid by Syrians each month
- USD 32.2 million requested by the Shelter sector for stabilization activities in 2015

Conclusion

The host community tracking:

- will be updated with final 2014 numbers
- shows that a lot has already been done
- provides credibility to the LCRP, which aims to strengthen the capacity of institutions and service delivery systems and to address the need of vulnerable Lebanese.
- Provides a basis to monitor stabilization activities and results under the LCRP.

AGENDA

1. Introduction
2. Registration update
3. Storm update- GoL disaster management
4. Host Community tracking
5. Protection update (evictions and border policies)
