

My name is XXXX and I am with XXXX humanitarian agency. We are conducting an assessment on behalf of the humanitarian community to better understand the needs and situation of the population. We expect the interview to take approximately 30 minutes. Following this initial interview, we will call you to receive updates about the population at this location, and may conduct additional interviews in person. Your participation in this assessment is entirely voluntary. Your participation and the answers you provide will not necessarily directly impact the assistance you or anyone else receives. Once again, your participation is completely voluntary. Do you agree to participate in this assessment?

-Yes
