ACCESS TO HEALTH SERVICES

I am a refugee. Can I go to a doctor or a hospital in Lebanon?

Yes. UNHCR provides health care services to registered refugees through its partners.

Refugees can see a doctor at a **Primary Health Care Centre (“PHCc”) or a Health Centre (“dispensary”)** for medical consultations, prescriptions, laboratory tests, immunizations, antenatal care and other reproductive health services, management of chronic diseases. You can also receive mental health treatment, including counseling and other psychological support services.

You should only go to hospital in a medical emergency.

If you need to see a doctor you should go to the PHCc, dispensaries that are listed at the end of this brochure. **If you go to another PHCc or dispensary they will charge you more for your treatment.**

In a **medical emergency**, call the Hotline of your area MediVisa Lebanon **01-811310** (Monday to Friday 8am to 5pm)

Only call after working hours and during weekends if you are in:

- Beirut: 03-261640;
- Mount Lebanon: 03-416299;
- South Lebanon: 71-543345;
- Bekaa: 70-198689
- North Lebanon: 03-011481

Please do not call **Medivisa** for other service as they will not be able to assist you.

There are other phone numbers listed in this brochure will give you information about health and social assistance, if you are a victim of sexual assault or violence or for any other emergency.

What if I am not registered with UNHCR or awaiting registration?

Unregistered refugees and those awaiting registration have access to some services and assistance, namely: vaccinations for children, care for

newborn babies and first visit for pregnant women, child and maternal acute illnesses and communicable diseases at the primary health care centers.

Is the Lebanese health system different from other health systems?

Yes. The Lebanese health system is highly privatized and registered refugees have to pay a contribution towards their health care, in the same way that Lebanese do.

If you need to see a doctor, you should contact the PHCc or dispensary in advance to check if there is a doctor available that day and make an appointment. Check the list of PHCc or dispensaries below.

from MediVisa Lebanon which is UNHCR'S partner in Lebanon.

To obtain this approval you can go directly to the GlobeMed offices in Lebanon located at:

1. Beirut, Rafik Hariri University Governmental Hospital
2. Bekaa, Bekaa Hospital at Taalabaya

In a life-threatening emergency go straight to one of the hospitals listed on the back of this leaflet and then call MediVisa Lebanon from the hospital, otherwise we cannot assist you financially with your medical bills

The Committee will consider:

- The need for and adequacy of the suggested treatment
- The cost and the need for financial assistance
- Feasibility of the treatment plan and prognosis

You should go to the hospitals listed at the end of this brochure because you will have to pay more if you go to any other hospital.
