Agenda item	Discussion	Action Point
Presentation of Handicap International assessment	<p>(see attached presentation)</p> <p>WG members noted that there is no in dept gender analysis. Currently the focus is on clinical care of persons with disabilities, but also needs to focus more on psychosocial care, including community-based structures. It is important not only to make specialised services available but also to ensure that PWD have access to generalised services, too. The issue of home-bound girls and women is also important, especially when they have disabilities, from an SGBV perspective, their vulnerability to abuse is heightened.</p> <p>The SWG agreed with IRC's proposal of a workshop on disability inclusion in SGBV programming in mid June, which will focus on obtaining consent, how to determine</p>	<p>Chairs to follow up with the Women's Refugee Council on disabilities and SGBV</p> <p>IRC, HI, UNFPA and UNHCR to meet to further discuss workshop</p>

	<p>consent within Jordanian law and barriers to provision of services. This workshop will be organized together with the Women Refugees Commission, and HI.</p> <p>There was also a suggestion that HI link the PWD-specific language with more accessible language used by case managers</p>	<p>IRC to circulate concept note for workshop</p> <p>Chairs to keep HI updated on SWG work (HI unable to maintain regular attendance at SWG meetings)</p>
<p>Mapping of Women Safe Spaces</p>	<p>The mapping exercise is intended to cover all safe spaces and will be incorporated, in due course, into Activity Info. This process is running in parallel with the CPSWG's mapping of AFS and CFS. While we recognize there are many forms on safe spaces, for the moment, at the level of the SGBV SWG we will focus on women safe spaces, further details in terms of beneficiaries, i.e. WSS might also welcome girls, boys and man at particular times, will be included in activity info on a later stage.</p> <p>The first step is to fill in the template (attached), afterwards this will be entered in activity info, and activities will also be defined.</p>	<p>Chairs to circulate WFS mapping table</p> <p>Partners to populate mapping table</p>
<p>Inter Agency CP/SGBV SOPs update</p>	<p>There will be another round of SOP trainings.</p> <ul style="list-style-type: none"> -CP/SGBV staff – 9 to 12 June -other sectors – 16 to 18 June (Amman, En & Ar) -other sectors – 23-25 June (Mafrag) <p>Interested partners are requested to send nominations for one focal point for the Master Trainers project, which will entail commitment to co-facilitating training sessions in the future. By the end of the year it is intended that there will be around 12 new trainers on the SOPs from different organizations.</p> <p>Orientations on the inter-agency key messages are also being conducted. They are typically 2 hours long and are for staff on how to use the messages in their work with the community.</p> <p>The Referral Pathways will be revised. The new version will only be a lightly revised version of the initial one. The revision will also include changes from the authorities, any new endorsements and updated contact details</p>	<p>URGENT:</p>

	<p>Public telephone numbers should be included in the revised version of the referral pathway, but these will be included on the following criteria:</p> <ul style="list-style-type: none"> - the person answering is qualified to take referrals, and - the agency/person is comfortable for this number to be advertised publicly (ie that it is not a private telephone number). 	<p>Chairs to circulate email summarising the various next steps</p> <p>Partners to send updated contact details for referral pathways, in tracked changes mode by 29/05/2014</p> <p>Duty phone numbers are preferred.</p>
<p>Updates for Field, TFs and Focal Points</p>	<p>The Early and Forced Marriage Task Force continues to work on its strategy to reduce and prevent, early marriage. Other categories will be address following a roundtable in mid June.</p>
