the “Safety of Refugees Before and After the Closing of Borders”, heightened risks of exploitation and abuse by smugglers, but also the opportunities the current situation offers to Serbia to develop its migration and asylum system, including refugee integration, in line with international standards and the EU accession process.

WEST

521 refugees from Syria, Afghanistan and Iraq, stayed at the Refugee Aid Point (RAP) in Sid. The rub hall was overcrowded with many families and children sleeping on the floor. UNHCR/HCIT distributed 828 water bottles, 200 WFP HEB, 34 UNHCR blankets, 4 winter jackets, 21 boots, 44 hygiene packages, 180 antibacterial gels and 200 food packages. WAHA treated 67 refugees.

329 refugees were sheltered in the Adasevci RAP. Toilets and showers were still out of order in several motel rooms, where families remain accommodated.
