329 refugees were sheltered in the motel rooms and rub halls of Adasevci RAP. Access to showers for all refugees continue to be a challenge while the demand for winter clothes remained high. During the day, SCRM conducted a general registration of the refugee population present in the RAP.

MSF provided medical assistance and BCM/Sid Health Centre treated 19 refugees. The UNICEF/WV/CSW child friendly space hosted 57 children and 20 women.

NORTH

In Subotica close to the border with Hungary, over 60 refugees/migrants per day were observed at the bus station on 15/03 and 16/03. No one was present at Subotica RAP or around the city, which may indicate that those who arrived over the last few days managed to cross into Hungary, presumably with help of smugglers.
