### Pre-registration handouts, brochure and posters:

Between the end of May and the end of July 2016, teams from the Asylum Service will visit sites where refugees and migrants live on the Greek mainland. This process is called "pre-registration". The purpose of pre-registration is to give an opportunity for POCs to ask for, if they are afraid to return to their home country because they fear for their life or safety. Depending on individual case, it is also possible that POCs can ask to be transferred to another European country or join a family member in another European country. The first phase of the Pre-registration exercise has started on Thursday 09 June 2016, in Oreiokastro and Thessaloniki Port.

Pre-registration documents are uploaded under guidance tab on the WebPortal in Arabic, English, Greek, French, Sorani and Kurmanji.
