

## Hygiene Promotion Meeting – Attica/Central Greece Region –19<sup>th</sup> July , 2016

Venue: IMC Office, Athens - Greece  
 Date: 19<sup>th</sup> of July 2016  
 Time: 09.30 – 11.30 am  
 Present: IMC, SI, IRC,DRC & Apostoli/NCA/IOCC

Agenda Topic	Issue and discussion	Action points	Responsible
<p><b>Welcome, Introduction &amp; endorsement of previous meeting minutes</b></p>	<p>The HP meeting was chaired by Solidarites International and hosted by International Medical Corps (IMC). After welcoming remarks, all agencies present had the opportunity to introduce themselves. Unfortunately, UNHCR WASH and Health and IFRC were not present at the meeting.</p> <p>The minutes from the last meeting was reviewed and endorsed by all agencies present.</p> <p>There are still some pending action points from last meeting, see points under “Action Points”.</p>	<ul style="list-style-type: none"> <li>• UNHCR WASH and Health to be present at next meeting</li> </ul> <p>Pending action points from last minutes:</p> <ul style="list-style-type: none"> <li>• Follow up on what was developed in the North region (IRC)</li> <li>• Develop/draft a simplified ToR (HP IPs &amp; UNHCR)</li> <li>• Develop/draft a HP strategy &amp; relevant technical guidelines (HP IPs &amp; UNHCR)</li> <li>• When appropriate invite a representative from the relevant health authorities UNHCR)</li> </ul>	<ul style="list-style-type: none"> <li>• UNHCR</li> <li>• IMC</li> </ul>
<p><b>Update on the current HP work being done by agencies (who has done what where)</b></p>	<p><b>IRC:</b></p> <p><u>Eleonas</u>: there are still some problems with site management related to the division of the camp that excludes one part from the activities that are organised in the two others. IRC assists the Site Manager 2hours/day. Successful cleaning campaigns are lead with the population every 2 days and some potential representatives for WASH committees have been identified. The Site Managers have not yet been informed about the WASH committees.</p> <p>The Hygiene kiosk is on order process and the design of a shaded area close to it is ongoing.</p> <p>A base line survey based on ECHO indicators started today and monitoring tools have been implemented as well.</p> <p>Concerning the waste management improvement, Focus Groups Discussions will be soon organized.</p>	<ul style="list-style-type: none"> <li>• Share the IRC NFI proposed kits on the dropbox</li> <li>• IMC list to be shared</li> </ul>	<ul style="list-style-type: none"> <li>• IMC</li> </ul>

Agenda Topic	Issue and discussion	Action points	Responsible
	<p><u>Schisto</u>: successful cleaning campaigns and handwashing activities have been organised. IRC will extend the laundry area and the residents also have access to washing machines. Signs were put on bins and wash facilities to improve the use and raise awareness.</p> <p>The army is currently distributing Hygiene items from donations, IRC will distribute the UNHCR kits as soon as they receive them.</p> <p><b>DRC</b>: is not leading Hygiene Promotion activities yet.</p> <p><b>IMC</b> : In <u>Skaramangas</u> IFRC leads distribution and organize them through QR codes tickets given per family and communicating an appointment for each House Hold. IMC faced problems of vandalism so that distributions for children have been put on hold. They particularly met difficulties during Ramadan. IMC is planning to organize HP awareness activities with children through the school including NFIs distribution. IMC wishes to do distribution of UNHCR kits depending on the Commander validation. Distributions are planned every 3 weeks for NFIs. IMC will distribute cleaning items per House Hold at the end of August.</p> <p>In this camp there are some problems of cleaning with the private company that is not taking the food thrown on the floor. For this reason IMC decided to involve refugees to collect it themselves starting from this week. The cleaning will be lead by IMC with the Red Cross every day for 2 hours except weekends.</p> <p>Concerning the garbage collection there are some difficulties with the schedule of the navy and municipality. In fact last week they spent 4 days with no garbage collection. DRC is in charge of pushing the 2 actors to coordinate and increase the</p>

	<p>garbage collection to the camp. IMC will change 8 big bins (660L – 440euros/bin) that will be emptied by a private company as they are not part of the municipality bins.</p> <p><b>Solidarites International (SI):</b> Regarding HP activities SI has lead 2 days activities in Elliniko 1 through Save the Children and is still providing the site management with cleaning items and hygiene items. SI activities are coming to an end at the end of July in Elliniko. Due to a lack of time and resources, the HP week that was discussed with DRC could not be organized.</p> <p><b>Solidarites International and Apostoli/NCA/IOCC for Malakasa camp:</b> Due to an incident in Malakasa warehouse that has been broken into by the residents, NFI and hygiene items have been put on hold. SI and Apostoli hygiene items/NFI stock's were stolen. As a consequence, the MOMP has enforced its presence and is working on the improvement of the site management and the NGOs coordination. Several decisions are ongoing and will probably have an impact on the activities planned.</p> <p>In addition, IOM was supposed to do a hygiene kits distribution mid-July but due to customs problems the distribution is on hold. SI will take over the procurement of the hygiene items and will lead the distribution in collaboration with NCA/Apostoli/IOCC and Boat refuge Foundation.</p> <p>HP activities with children and women are ongoing weekly as well as cleaning campaign in collaboration with Boat refugee Foundation.</p>		

Agenda Topic	Issue and discussion	Action points	Responsible
	<p><b>Apostoli/NCA/IOCC:</b>  A distribution of UNHCR kits is planned in Aghios Andreas.  In Aghios Andrea HP activities with women and cleaning committees are already in place with close collaboration with NGOs.  Signs for wash facilities were put in Inofita and discussions with the education partner are ongoing to start HP activities.</p>		
<p><b>WASH committees/community mobilizers</b></p>	<p>IRC is working on the implementation of WASH committees. SI /Apostoli are facing difficulties with the new Site Management and will probably need to readjust.</p>		
<p><b>Minimum Standards for HP to share with the national WASH working group</b></p>	<p>As discussed at the previous meeting, it is important that the HP working group shares the minimum standard once they agreed together.</p>	<ul style="list-style-type: none"> <li>• SI to share NFI calculation tool on the dropbox</li> </ul>	
<p><b>AOB</b></p>	<p>It was brought up again, that IFRC should join the meeting in order to share its guidelines for the refugees involved in the cleaning committees and that are given financial incentives and also to share their distribution organization through the QR codes tickets.</p> <p>Concerning the chairing of this HP meeting, it has been decided that it will be chaired in a rotation system. Next meeting IRC will lead it. In addition, regarding the location of</p>	<ul style="list-style-type: none"> <li>• IMC to contact someone of the Red Cross for the next meeting.</li> </ul>	<p>All HP agencies</p>
