

Minutes Health & Nutrition Work Group
RIC Samos, August 11th 2016

Present: BRF (Frederieke, Hadi, Lysanne, Manuela), HCDCP (Manos), HRC (Dimitra), MedIn (Chrysi), MSF (Ahmad)

Proposed Agenda: Review Action points previous meeting
 Doctor coverage in August - update
 Additional updates/comments from Dr. Manos

Topic	Discussion/Updates	Action Points
Review Action Points	Outstanding Action Points	<p>HCR (Aris): share list of required equipment with other medical actors.</p> <p>UNHCR (Sokratis): Share UNHCR's medication stock with HCDCP (Manos)</p> <p>HCDCP (Manos): Ask police for SOP of when to do the medical screening.</p> <p>HCDCP (Manos): Ask army for mobile unit to take X-rays.</p>
Doctor coverage in August	<p>Medin: Will have two doctors in August.</p> <p>BRF: Dr. Manos will help during the evening shift (16.00 – 21.00) BRF has one nurse at the moment. Most likely new BRF doctor arriving 19/08/2016</p> <p>HRC: It is unclear when the HRC will have a doctor in the team. For now there are 2 nurses.</p>	
Glasses	A list of people who need glasses is being made. For now, there is no need to measure the prescription of the glasses, only the names and contact details of those who need glasses.	All: Write down names and contact details of POCs in need for glasses
First Aid training Police	HRC: It is possible to plan a First Aid workshop for the police in the beginning of September. There must be a (first aid) trained nurse present during the training.	
Vaccination	POCs who arrived after the MSF vaccination program have not received vaccinations and POCs who have received vaccinations may be in need for follow up vaccinations.	MSF: Check available stock for second vaccinations and first vaccinations for new arrivals
New staff in RIC	Within 1-2 months, 190 new positions in the RIC will be filled. Many of these new staff members have not worked in this context before and may require extra training.	All: Look into how new staff members can be supported through trainings
