

In January 2017, 3RP partners involved in 3RP response in Egypt have provided 10,467 curative and preventive Primary Healthcare consultations to Syrian girls, boys, women and men. Among those, 4,069 patients were followed up and received monthly treatment for their non-communicable diseases. (NCDs). Also, and beyond the primary healthcare level, 267 referrals to secondary, tertiary and emergency care were provided to those in need.

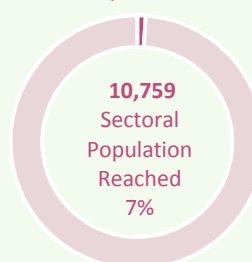

Within the resilience component, 20 primary healthcare facilities received material support while 25 healthcare professionals received training.
