WASH Workshop -DRAFT Program
Informal Settlement and Urban WASH: meeting needs better

July 2018
(Location TBD)

Objective:

Reflecting on progress to date, current situation and future outlook agree on key strategic recommendations (particularly regarding prioritization and targeting; communication and advocacy; and common approaches, modalities and standards) to ensure emergency, basic and maintainable WASH needs are met in the most cost-effective way in line with sector and LCRP objectives.

In light of decreased funding and the protracted nature of the crisis there is a need for stakeholders of the water sector involved in the WASH response; to have a common understanding of the current situation and outlook; to reflect on the successes and failures of initiatives since the beginning of the response; to showcase innovative solutions; to share challenges and understand bottlenecks, gaps, coping mechanisms and cross-sectoral implications; and to agree on recommendations in accordance with the workshop objective. Four full-day sessions are planned with the draft agendas outlined on the following pages.

Workshop timing:

JULY

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday
25	26	27	28	29	30	1
2	3 Presentation proposals due	4	5	6	7	8
9	10	11	12	13	14	15
16 WAP + Water	17 Hygiene + SWM	18 Sanitation	19	20 Non-Res + M&E	21	22
23	24	25	26	27	28	29
30	31	1	2	3	4	5

Invitees:

LNGOs, NGOs, UN.

DAY 1 – WAP +WATER in Informal Settlements Monday 16 th July		
Timing	Topic	Chair
8:30	Coffee, tea, registration	
9:00	Introductions Objectives of workshop and today's program Background, context and outlook, framework and strategy	David Adams UNICEF
9:15	WAP Presentations and discussion: 1. WAP tool overview 2. Baseline analysis 3. Development updates <ul style="list-style-type: none"> ○ Process, Quality/3rd party monitoring, Adaptation to other informal-type sites, Linking HCMT/KAP 	Mahdi Webhi UNICEF
10:15	WAP Lessons learnt roundtable/group work: <ul style="list-style-type: none"> ○ Partners' experience using tool, ○ Recommendations for modification/changes 	Mahdi Webhi UNICEF
11:00	BREAK	
11:30	Situation analysis Brief presentation covering the following points and discussion: Funding situation; Cost analysis; WAP findings (in terms of water vulnerability); Water chain; SPHERE standards; Water related SDGs; National policy and strategy; Gaps and Trends.	Ralph Yaacoub WVI Maria Saidy UNICEF
12:00	Lessons learning ~6 Presentations* & Q&A: Selected presentations on projects/programs/initiatives/studies that focus on workshop objective. <i>Consider: Situation before and after; What was/is being done (to whom, where, how and why); Costs (Cap & O&M); Return on Investment (if relevant); and Lessons learnt.</i>	Ralph Yaacoub WVI Maria Saidy UNICEF
13:30	LUNCH	
14:30	Recommendation sessions Group work In groups or sessions; agree key strategic recommendations for the following topics: <ul style="list-style-type: none"> <input type="checkbox"/> Cash, <input type="checkbox"/> Technological, <input type="checkbox"/> Working with local authorities, <input type="checkbox"/> Community engagement, <input type="checkbox"/> Minimum common standards Considering the following questions: potential for scale up? what are the limitations and opportunities? what are the criteria for implementation? What stakeholder engagement is required?	Ralph Yaacoub WVI Maria Saidy UNICEF
17:00	Close	

* Examples: Oxfam feasibility study, Oxfam impact study, Cash modality, Dutch study, Emergency Market Mapping Analysis, SI ultrafiltration, UNICEF Qabb Elias pilot, SI well disinfection & protection, Oxfam trucking regulation pilot, Site connections in Sth Leb.

DAY 2 – HYGIENE in IS and SWM in Municipalities with IS Tuesday 17 th July						
Timing	Topic					Chair
8:30	Coffee, tea, registration					
9:00	Introductions Objectives of workshop and today’s program. Background, context and outlook. Framework and strategy.					Diala Ktaiche UNICEF
9:15	Situation analysis -HYGIENE Brief presentations (and discussion) covering following points: HCMT results; Surveillance data: Coping mechanism; Challenges/ Limitations; and Community mobilization/comparing budget for HP and hardware/work demand.					Diala Ktaiche UNICEF
10:00	Lessons learning -HYGIENE ~3 Presentations* & Q&A: Selected presentations on projects/programs/initiatives/studies that focus on workshop objective. <i>Consider: Situation before and after; What was/is being done (to whom, where, how and why); Costs (Cap & O&M); Return on Investment (if relevant); and Lessons learnt.</i>					Sara Younan WVI & Mourady Solh Oxfam
10:45	BREAK					
11:15	Recommendation sessions -HYGIENE Group work and case study: Two contextualized scenarios, that show the conditions of an IS: 1. Impact of absence of HP at different level: individuals, families, sites and host community. 2. Strategies to maintain good hygiene practices in the following response levels: emergency, basic needs and maintainability.					Sara Younan WVI & Mourady Solh Oxfam
12:15	Situation analysis -SWM Brief presentation and discussion covering following points: National policy developments, procedures and complaints to MoE; Regional SWM; Roles of local stakeholders in SWM - municipalities, civil society, private sector; Available data and gaps; Old WASH sector guidance and standards; and Implications of fund reduction on interventions and quality of service.					Wael Ghamrawi ACTED
13:00	LUNCH					
14:00	Lessons learning -SWM ~3 Presentations* & Q&A: Selected presentations on projects/programs/initiatives/studies that focus on workshop objective. <i>Consider: Situation before and after; What was/is being done (to whom, where, how and why); Costs (Cap & O&M); Return on Investment (if relevant); and Lessons learnt.</i>					Elie Helal UNHCR
15:00	Recommendation sessions -SWM Group work In groups or sessions; based on SWM chain agree key recommendations in accordance with workshop objectives. <i>Consider: outlook, site size, cross-sectoral implications, etc.</i>					Wael Ghamrawi ACTED Elie Helal UNHCR
	#	Needs\ SWM chain	Generation Reduce	Storage Segregation	Collection Transport	Disposal, Recycle, Reuse
	1	Emergency				
	2	Basic				
	3	Maintainable				
16:30	Close					

* Examples: Hygiene – HCMT initiative; Community Hygiene Volunteers and Community health, Transitions to community-based approaches. SWM – BEA sorting facility, Dumpsite rehabilitation, Source sorting initiatives, Provision of bins and trucks to municipalities, Support to SWTFs, vector control pilot Bekaa, composting pilot.

DAY 3 – SANITATION in Informal Settlements Wednesday 18 th July						
Timing	Topic					Chair
8:30	Coffee, tea, registration					
9:00	Introductions Objectives of workshop and today's program Background, context and outlook Framework and strategy					Edgar Barata AAH
9:30	Situation analysis Brief presentations (and discussion) covering following points: Sanitation chain: SPHERE standards; Sanitation SDGs; National environmental discharge limits and related policy; WAP sanitation findings; Gaps; Trends; Costs analysis; Complaints to MoE; Old sector stds and guidance.					Yann Pastel SI
10:30	BREAK					
11:00	Lessons learning ~6 Presentations* & Q&A: Selected presentations on projects/programs/initiatives/studies that focus on workshop objective. <i>Consider: Situation before and after; What was/is being done (to whom, where, how and why); Costs (Cap & O&M); Return on Investment (if relevant); and Lessons learnt.</i>					Edgar Barata AAH
13:00	LUNCH					
14:00	Recommendation sessions Group work In groups or sessions; based on sanitation chain agree key strategic recommendations (particularly regarding prioritization and targeting; communication and advocacy; and common approaches, modalities and standards) to ensure emergency, basic and maintainable WASH needs are met in the most cost-effective way. <i>Consider: outlook, site size, cross-sectoral implications, etc.</i>					Edgar Barata AAH Yann Pastel SI
17:00	Close					

* Examples: B&M Gates initiatives, Marj El Koch, Baaloul, Dutch study, Vermiculture, reed-bed, septic system examples, portable STP, biogas, biorock system, Dakoueh aerobic system.

DAY 4 – Non-Residential URBAN WASH + Cross-sectoral M&E. Friday 20 th July																								
Timing	Topic			Chair																				
8:30	Coffee, tea, registration																							
9:00	Introductions Objectives of workshop and today's program. Background, context and outlook. Framework and strategy.			TBD																				
NON-RESIDENTIAL SITES																								
9:15	Situation analysis NON-RESIDENTIAL Brief presentation and discussion: Shelter typologies, COSIMA data, Needs, Gaps, Trends, Costs of interventions and Shelter SOPs (UNHCR)			Olivia Leroux CWW Rayan Hajj SCI																				
9:45	Lessons learning NON-RESIDENTIAL ~4 Presentations & Q&A: Selected presentations on projects/initiatives/studies that focus on workshop objective. <i>Consider: Situation before and after; What was/is being done (to whom, where, how and why); Costs (Cap & O&M); Return on Investment (if relevant); and Lessons learnt.</i>			Olivia Leroux CWW Rayan Hajj SCI																				
10:45	BREAK																							
11:15	Recommendation sessions NON-RESIDENTIAL Group work In groups or sessions; agree key recommendations in accordance with workshop objectives. <i>Consider: outlook, site size, cross-sectoral implications, etc.</i> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>#</th> <th>Needs</th> <th>Internal WatSan</th> <th>Property facilities</th> <th>Network connections</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Emergency</td> <td></td> <td></td> <td></td> </tr> <tr> <td>2</td> <td>Basic</td> <td></td> <td></td> <td></td> </tr> <tr> <td>3</td> <td>Maintainable</td> <td></td> <td></td> <td></td> </tr> </tbody> </table>			#	Needs	Internal WatSan	Property facilities	Network connections	1	Emergency				2	Basic				3	Maintainable				Olivia Leroux CWW Rayan Hajj SCI

Introduction							
Situation							
Potential Presentations	1 N/A	WaSH service provision to ITSs using a regulated market approach. Presented by Jihad Abdul Ghani (Oxfam)	Community Hygiene Volunteers and Community health, Transitioning to community based approaches. Presented by Mourady el Solh (Oxfam)	Municipal SWM approach. Presented by ?? (UNHCR)	Community Technical Volunteers and Market based Programming. Transitioning of WaSH facility maintenance. Presented by Bilal Abou Haykal (Oxfam)	Area based approach findings relating to urban WASH. Presented by Bobbie (UNHCR)	A clean and Decent life without WaSH? Presented by Lama Abdul Samad (Oxfam)
	2	Criteria for water trucking eligibility, effective management of service provision and associated WQ messaging. Presented by ?? (UNHCR)	Transitioning hygiene responsibilities; Community Mobilisers vs WASH Committees. Presented by Sara Younan (WVI)	SWM projects and lessons learned through working with both municipalities, civil society and cash for work programs. Presented by ?? (ACTED)	Presentations of trickling filters wastewater treatment. SI	Lessons learnt on WASH in SSB and El Hay, Tripoli project. Presented by Lora Vicariot ?? (SI)	Study "Reduction of WASH services in ITSs to the livelihoods of Syrian refugees". Presented by Ralph Yaccoub (WVI)
	3	Presentations of membrane filtration treatment system for bacteriological contamination. Presented by ?? (SI)	Transferring O&M of WASH facilities to the WASH committees, improving prevention and response to WASH emergencies. Presented by ?? (NRC)	Technical guide on municipal SWM for local communities. Presented by Joanne Yammine (UNICEF)	Marj El Koch pilot centralised system. Simone Di Michele (CISP)	WASH-related Neighbourhood profiling. Presented by Suzzane Maguire (UN-Habitat)	"Improved Water Resources Monitoring System/IWRM at regional level in Lebanon" FAO
	4	CASH modality for water supply. Presented by Houssein Nourredine ?? (UNICEF)		Concept note on supporting municipalities for SWM. Presented by Olivier Thonet ?? (UNICEF)	CASH modality for desludging. Presented by Abbas Safieddine (UNICEF)	Integrated WASH / SSB rehabilitation; Lessons learnt in Urban WASH. Presented by Rayan El Fawal (Leb Relief)	WASH related social tension monitoring. Presented by Tom Lambert (UNDP SoSt coord)
	5	21 most expensive Municipalities and Qabb Elias pilot. Presented by ?? (UNICEF)		Sarafand sorting facility. BEA & UNICEF	Efficiencies of sanitation treatment systems?? Kevin/Yann/Edgar?	Service delivery in informal residential areas: the challenges and what can be achieved with each stakeholder. Presented by ?? (ACTED)	Protection and SGBV mainstreaming. Fanette Blanc (UNHCR)
	6						WASH component of socio-economic vulnerability. Presented by Khalil Dagher (UNHCR BA Coord)
	7						?? Schools JMP water quality study in institutions (UNICEF)
	8						WASH-related disease monitoring system Presented by Nada Gohsn (MoPH ESU)
	9						Environmental impact complaints mechanism Presented by Lamia Mansour (MoE)
	10						
	11						
Invitees	Implementing partners (NGOs, relevant UN agencies)	Implementing partners (NGOs, relevant UN agencies)	Implementing partners (NGOs, relevant UN agencies)	Implementing partners (NGOs, relevant UN agencies) Relevant SoSt sector implementing partners Social Stability coordinator	Implementing partners (NGOs, relevant UN agencies)	Implementing partners (NGOs, relevant UN agencies) Relevant shelter sector implementing partners	Implementing partners (NGOs, relevant UN agencies) Representative from each of the other sectors
