

Libya continues to be a transit point for departure from North Africa towards Europe. UNHCR's interventions at disembarkation points in Libya focus on the provision of life-saving assistance and protection monitoring, to identify persons in need of international protection, as well as vulnerable individuals, such as unaccompanied and separated children, elderly, medical cases, women at risk or victims of trafficking. **UNHCR through its partner International Medical Corps provides medical services and core relief items.** In addition, UNHCR rehabilitated WASH facilities at six disembarkation points, in Azzawya, Tripoli (3), Tajoura (Al Hamidiyah) and Alkhums.

As of 30 November 2018, the Libyan Coast Guard rescued/intercepted a total of 14,795 people in different locations along the Libyan coast. 546 individuals were rescued/intercepted in November, 351 in October and 713 in September. Since 1 January 2018, Libyan local authorities have recovered 99 bodies of people who perished while attempting to cross the Mediterranean towards Europe.
