

Overview

The sector aims to ensure that all populations of concern receive appropriate and timely shelter and non-food item (NFI) support in line with the minimum agreed standards for Uganda. Direct labour and technical support to the construction of emergency and semi-permanent shelters for persons with specific needs remains a priority, although the modalities include market and community-based approaches for a wider and more sustainable reach. Ongoing repairs and maintenance works to communal shelters at operational transit facilities are continuing as needed.

A key objective of the sector is the implementation of a revised shelter strategy that takes into account more environmentally-sustainable, culturally-sensitive and flexible design and implementation modalities. In addition, the establishment of settlement planning guidelines will improve site planning and contribute to land use optimization. The phased rollout of a household address system for refugees will enable the integration of settlement cadastral plans with local government plans.

Key indicators

Newly arrived refugees receiving NFI
Target: 135,000

Newly arrived refugee households provided with emergency shelter
Target: 38,332 HH

Refugee PSN households assisted with semi-permanent shelters
Target: 21,247 HH

Objective: Ensure the minimum non-food items (NFI) standards for all refugees are met

Indicator	Actual	Target/Standard ('19)	Actual against annual target
Newly arrived refugees receiving NFI			
- Congolese and other refugees	29,654	80,000	37%
- South Sudanese refugees	24,479	50,000	49%
- Burundian refugees	2,221	5,000	44%

Objective: Access to improved and sustainable shelters for refugee households is increased

Indicator	Actual	Target/Standard ('19)	Actual against annual target
Newly arrived refugee households provided with emergency shelter			
- Congolese and other refugees	13,822 HH	32,000 HH	43%
- South Sudanese refugees	7,270 HH	10,000 HH	73%
- Burundian refugees	864 HH	1,666 HH	52%
Refugee PSN households assisted with semi-permanent shelters			
- Congolese and other refugees	53 HH	6,717 HH	1%
- South Sudanese refugees	553 HH	13,988 HH	4%
Individuals trained and/or employed in sustainable construction			
- Congolese and other refugees	56	2,165	3%
- South Sudanese refugees	898	4,199	21%

Objective: Access to improved and sustainable shelters for refugee households is increased

Indicator Actual Target/Standard ('19) Newly constructed ■ Repaired ■

Communal accommodation shelters in transit sites constructed or repaired

Refugee households with specific needs provided with minimum emergency shelter support

Objective: Sustainable settlement land use is maximised to optimal mutual benefit for refugees and hosts through the integration of settlement plans with local government plans and labour-intensive public works

Indicator Actual Target/Standard ('19) Actual ■ against annual target ■

Roads rehabilitated for all-year access to community services

Energy-efficient street lights installed in refugee hosting sub-counties
