**Capacity strengthened for 250 migration inspectors** who work in the airports of Tocumen, Howard and Albrook.

# PROGRESS BY THE PRO TEMPORE PRESIDENCY

Online meeting with United Resident Coordinators of MIRPS countries to strengthen and enhance strategic partnerships in achieving common goals

Continuation of the exercise to quantify national investment within the Global Refugee Forum strategic areas, and of the financial requirements

MIRPS meeting with the civil society, proposal of a structured and permanent dialogue mechanism, and presentation of the civil society's position on the progress and challenges of the MIRPS

Presentation of the II Annual MIRPS Report, which includes the updated national plans, best practices, priorities for each State and an executive summary of the quantification exercise

II Annual MIRPS meeting and adoption of the Mexico City Declaration on international protection, shared responsibility and regional solidarity actions in MIRPS countries

## PRIORITIES DECEMBER 2019

### Preparation for the MIRPS High Level Event in the framework of the Global Refugee Forum

The first Global Refugee Forum (GRF) that will take place on 17 and 18 December 2019 at the Palais des Nations (Geneva, Switzerland) will focus on: responsibility-sharing, education, employment and livelihoods, energy and infrastructure, solutions and protection capacity.

The GRF, convened at the Ministerial Level, is a unique opportunity for UN Member States and other actors to i) present pledges of contributions that will move forward the objectives of the Global Compact, and will provide tangible benefits for refugees and their hosts; ii) highlight key achievements and best practices at the country, regional and global levels.

The MIRPS will host a High Level Event on the eve of the GRF - on 16 December - that will focus on the current forced displacement challenges being faced in Central America, on reviewing the first two years of implementation, lessons learned from 2019 and priorities for 2020. States will present their investments and funding gaps in priority areas identified through the quantification. The Friends of MIRPS, donors, cooperating states and other collaborators like the private sector will have the opportunity to present their pledges in support of MIRPS priorities.

**Belize, Costa Rica, Guatemala, Honduras, Mexico and Panama** adopted the **San Pedro Sula Declaration** in 2017, and agreed to jointly implement the **Comprehensive Regional Protection and Solutions Framework (MIRPS)**. The MIRPS is a concrete application of the **Global Compact on Refugees**, which encourages regional cooperation among countries of origin, transit and destination for a greater **responsability sharing in matters of prevention, protection and durable solutions**.

It also entails a **participatory approach** by directly involving people with protection needs and populations impacted by violence and insecurity. On the other hand, it integrates regional and international organizations, as well as cooperating States (Argentina, Brazil, Canada, Colombia, Spain, Switzerland and Uruguay), which are committed to the **humanitarian and development agenda**.

## MIRPS AT A GLANCE

**353,210**

Refugees & asylum seekers from North of Central America worldwide

**100,260**

Refugees & asylum seekers in MIRPS countries to end of 2018
