

2020 LCRP Water Sector Workplan

Timeline 2020

Sector Output <i>select from list of outputs in the sector logframe</i>	Key Activities <i>list activities which will contribute to the output using action verbs</i>	Q1	Q2	Q3	Q4	Responsible	Main partners	Additional Comments
Output 1.1- National institutions, frameworks and partnerships have strengthened capacities to manage resources and provide quality services	Elaborate Lessons learned on Capacity Building pursued by Water Establishments staff (GIS, SCADA, Water Safety Plan, Communication Plan, non revenue Water, Operation and maintenance)					Stabilization Thematic Group	UNICEF, Action Against Hunger, GVC, LOST, ACTED, UNDP, UNHCR, SAWA group, Balamand University, Islamic relief, Concern World Wide, NRC.	Capacity building Q3 WSP Q4
Output 1.1- National institutions, frameworks and partnerships have strengthened capacities to manage resources and provide quality services	Update of National Water Sector Strategy					MoEW		
Output 1.1- Strengthen National institutions, frameworks and partnerships capacity to manage resources and services	Support for the development of a national feedback and accountability mechanism at Water Establishments level					UNICEF		
Output 1.2: Quality, quantity and reliability of equitable water and wastewater services for the most vulnerable of hosting and displaced communities increased.	Finalize the Guideline of Sanitation in informal Settlements with MoEW including the pilot design approved					Sanitation Thematic Group	UNICEF, Action Against Hunger, Solidarite International, GVC, LOST, Lebre relief, DPNA, World Vision, SAWA group, Balamand University, Arche Nova, Concern World Wide, NRC.	
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Prepare lessons learned "on-site improved sanitation" in ISs					Sanitation Thematic Group	UNICEF, Action Against Hunger, Solidarite International, GVC, LOST, Lebre relief, DPNA, World Vision, SAWA group, Balamand University, Arche Nova, Concern World Wide, NRC.	
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Develop an action plan for the coming years to improve access to water and waste water services via transitionning into environmentally friendly service for WW and water piped network when possible.					Sanitation Thematic Group	UNICEF, Action Against Hunger, Solidarite International, GVC, LOST, Lebre relief, DPNA, World Vision, SAWA group, Balamand University, Arche Nova, Concern World Wide, NRC.	Minimum a first phase of three years to be accomplished before June
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Endorse list of prioritized IS's by partner, MoEW, LRA and MoE					Sanitation Thematic Group	UNICEF, Action Against Hunger, Solidarite International, GVC, LOST, Lebre relief, DPNA, World Vision, SAWA group, Balamand University, Arche Nova, Concern World Wide, NRC.	sanitation group to share progress with the sector
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Evaluate the work done in the prioritized IS's in term of Water and Wastewater service					Sanitation Thematic Group	UNICEF, Action Against Hunger, Solidarite International, GVC, LOST, Lebre relief, DPNA, World Vision, SAWA group, Balamand University, Arche Nova, Concern World Wide, NRC.	tarification thematic group to work on most effective water service provision. Water quality TG to be consulted
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Prepare lessons learned on "cash for WASH" project to potentially scale up cash modality whilst ensuring safety					Tarification Thematic Group	UNICEF, Solidarite International, GVC, CISP, Lebre relief, Oxfam, World Vision, SAWA group, USAID/DAI, Water Establishments, Upload, AFD.	
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Prepare emergency response in case of any alert related to waterborne diseases outbreaks.					Water Quality Thematic Group	UNRWA, UNHCR, UN Habitat, GVC, LOST, Lebre relief, DPNA, SAWA group, Balamand University, Arche Nova, Concern World Wide, Lebanese University, Islamic relief.	
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Build capacity of partners and increase awareness on Referral of protection cases when needed							That's a an overall achievement that the sector should reach based on input from TGs.
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Prepare for emergency by conducting monthly/quarterly trend analysis, Identifying available capacity to respond							That's a an overall achievement that the sector should reach based on input from TGs.
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	update contingency plan of the current scenario with partner at national level					sector		Done at regional level.

OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Develop methodology for evaluation of the stabilization projects implemented				Stabilization Thematic Group	UNICEF, Action Against Hunger, GVC, LOST, ACTED, UNDP, UNHCR, SAWA group, Balamand University, Islamic relief, Concern World Wide, NRC.	Started by UNICEF
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	Finalize the procedure for project implementation with Water Establishments.				Stabilization Thematic Group	UNICEF, Action Against Hunger, GVC, LOST, ACTED, UNDP, UNHCR, SAWA group, Balamand University, Islamic relief, Concern World Wide, NRC.	
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	prepare Lessons learned on Non-Revenue Water management				Tarification Thematic Group	UNICEF, Solidarite International, GVC, CISP, Lebreliief, Oxfam, World Vision, SAWA group, USAID/DAI, Water Establishments, Upload, AFD.	
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	prepare Lesson learned on Water Safety Plans				Water Quality Thematic Group	UNRWA, UNHCR, UN Habitat, GVC, LOST, Lebreliief, DPNA, SAWA group, Balamand University, Arche Nova, Concern World Wide, Lebanese University, Islamic relief.	
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	prepare Lesson learned onCustomer database creation				Community Mobilization Thematic Group	UNICEF, Action Against Hunger, Lebanese University, GVC, LOST, Lebreliief, DPNA, Lebanese Red Cross, SAWA group, Balamand University, Arche Nova, Concern World Wide, ICU, UNHCR.	
OUTPUT 1.2 -Ensure humanitarian water and wastewater service delivery for those with least access, primarily displaced Syrians in temporary locations, by implementing more localised and cost-effective solutions to reach them	prepare lesosns learned and capitalization on Community engagement and partnership with local NGO				Stabilization Thematic Group	UNICEF, Action Against Hunger, GVC, LOST, ACTED, UNDP, UNHCR, SAWA group, Balamand University, Islamic relief, Concern World Wide, NRC, Leb relief.	in consultation with community mobilization. LebRelief has already prepared a document on the role of LNGO
Output 1.2: Quality, quantity and reliability of equitable water and wastewater services for the most vulnerable of hosting and displaced communities increased.	Coordinate with Food security and FAO for rationalization of water consumption in irrigation				Stabilization Thematic Group	UNICEF, Action Against Hunger, GVC, LOST, ACTED, UNDP, UNHCR, SAWA group, Balamand University, Islamic relief, Concern World Wide, NRC.	to be discussed
Output 1.3 – Hygiene awareness and responsible use of water services and environment safeguard targeting the most vulnerable in hosting and displaced communities are increased.	Evaluation for WASH committee aims at identifying if the current management/role of WC is still valid and feasible or need any update for next year. Show the positive impact of the WC.				Community Mobilization Thematic Group	UNICEF, Action Against Hunger, Lebanese University, GVC, LOST, Lebreliief, DPNA, Lebanese Red Cross, SAWA group, Balamand University, Arche Nova, Concern World Wide, ICU, UNHCR.	
Output 1.3 – Hygiene awareness and responsible use of water services and environment safeguard targeting the most vulnerable in hosting and displaced communities are increased.	Develop a community mobilization Strategy in IS's				Community Mobilization Thematic Group	UNICEF, Action Against Hunger, Lebanese University, GVC, LOST, Lebreliief, DPNA, Lebanese Red Cross, SAWA group, Balamand University, Arche Nova, Concern World Wide, ICU, UNHCR.	
Output 1.3 – Hygiene awareness and responsible use of water services and environment safeguard targeting the most vulnerable in hosting and displaced communities are increased.	Endorse feedback mechanism on community and IS's				Community Mobilization Thematic Group	UNICEF, Action Against Hunger, Lebanese University, GVC, LOST, Lebreliief, DPNA, Lebanese Red Cross, SAWA group, Balamand University, Arche Nova, Concern World Wide, ICU, UNHCR.	
	Advocate for on-site environmental friendly and cost efficient system for wastewater in IS's				Sanitation Thematic Group	UNICEF, Action Against Hunger, Solidarite International, GVC,LOST, Lebreliief, DPNA, World Vision, SAWA group, Balamand University, Arche Nova, Concern World Wide, NRC.	To be continued, pending on the result of pilot projects (end of March)
	Advocate to donors to fund WASH humanitarian actors to carry out priority activities in the sector based on needs in IS's(WAP results) and needs outside IS's (collaboration with Shelter-COSIMO-Neighborhood profiling)				Urban WASH Thematic Group	UNICEF, UNHCR, UNHabitat, ICU, LOST, Lebreliief, DPNA, World Vision, SAWA group, Balamand University, Arche Nova, Concern World Wide, NRC, Islamic relief.	
	Advocate to the World bank to work together towards more sustainable water solutions				sector	UNICEF	May not be possible if not in WB priorities
	Advocate for the marginalized areas to be considered in the implementation of the NWSS				sector	UNICEF	
	Ensure that water sector activities and intervention are defined and implemented as to ensure protection criteria (protection mainstreaming). Liaise with protection to prepare water sector protection risk analysis and identify key actions				Sector		community mobilization may lead/ contribute according to the results of the Protection Risk Analysis

	Ensure that water sector activities and intervention are defined and implemented as to ensure conflict sensitivity (conflict sensitivity mainstreaming). Identify with SoSt to identify key actions.					Sector
