PROTECTION: MONTHLY UPDATE January - July 2020

The conflict in the BAY states is first and foremost a protection crisis and the Protection Sector response aims to provide an environment where IDPs, returnees and host communities can enjoy their rights and are enabled to re-establish their lives thorugh child protection, gender-based violence, mine action and housing land and properties. The sector targeted 2.5 million people comprising of internally displaced persons (IDPs), IDPs and Refugee Returnees, and Host Communities initially the sector had a financial requirement of $82.5M to implement 76 projects this was reviewed upward to $96M to cover for new needs resulting from the COVID-19 pandemic. As of ending July, the sector has reached 868,000 of the people targeted with different humanitarian assistance, this includes 318,000 through general protection activities, 334,000 through child protection activites, 370,000 with gender based violence activities, 82,000 with mine action activites and 12,000 through housing land and property activities. Funding remains a challenge, as of ending July the sector is funded at nine percent.

GENERAL PROTECTION

January - July 2020

General Protection outlined 3 objectives for 2020 which will be achieved through a set of interventions to prevent and/or address violations of human rights including abduction, arbitrary detention, forced displacement, restricted freedom of movement, lack of documentation, human trafficking and access to justice. The specific activities will include human rights monitoring, vulnerability screening, referral mechanisms, provision of documentation and legal advice, awareness creation. As of ending June the 318,000 of the people targeted has been reached through activities in the HRP.

OVERVIEW BY SECTOR OBJECTIVES AND INDICATORS

1. Enhance civilians' protection from harm and respond to specific needs and risks with timely and comprehensive protection services.

		TARGET	COVERAGE
Number of vulnerable IDPs, IDP returnees and refugee returnees screened, registered and monitored	18,585 / 381,415	400,000	5%
Number of vulnerable women, girls, boys and men referred for inter-sectoral assistance that receive support services	28,185 / 71,815	100,000	28%
Number of women, girls, boys and men with identified protection needs provided with protection-specific assistance	12,409 / 127,591	140,000	9%
Number of vulnerable women, girls, boys and men provided with general information about availability of essential services and complaints mechanisms	37,857 / 462,143	500,000	8%

2. Improve affected persons' access to their rights and strengthen the overall protection environment.

Number of women, girls, boys and men provided with access to legal and land documentation	76,671 / 923,329	1,000,000	8%
Number of women, girls, boys and men provided with legal aid services for access to justice	1,558 / 23,442	25,000	6%
Number of persons (IDP and returnees, host community members, Government officials, service providers and humanitarian workers) provided with training on protection principles	1,645 / 8,355	10,000	16%

3. Promote the creation of conditions for safe, voluntary and durable solutions and enhance freedom of movement.

Number of women, girls, boys and men receiving protection information and assistance to counter negative coping mechanisms	130,185 / 369,815	500,000	26%

CHILD PROTECTION

January - July 2020

At least 1 million girls (53per cent) and boys (47 per cent) in need of care and protection from abuse, discrimination, exploitation, neglect and violence in north-east Nigeria are targeted with child protection interventions. Prevention and response priorities will focus on vulnerable children, their caregivers and communities amongst IDPs, returnee and host communities most affected by the conflict, and based on the level of needs, vulnerabilities and coping mechanisms. Girls and boys between the age of 6 to 17 years, including adolescents, form 28 per cent and 25 per cent of the estimated population in need of child protection services respectively. The Sub-Sector response has prioritised localities most affected by the conflict, with Adamawa State representing 13 per cent, Borno State 77 per cent and Yobe State 10 per cent of the targeted population.

GENDER BASED VIOLENCE

January - July 2020

The overarching goal of the GBV Sub-Sector response plan is to provide safe and comprehensive services to those affected by genderbased violence and facilitate the recognition that GBV programming is the responsibility of all humanitarian actors and needs to be addressed with adequate, comprehensive and coordinated actions. The response plan is guided by three approaches: Life-saving response to survivors and those at risk of violence; GBV prevention and integration of GBV risk mitigation aimed at promoting dignity and safety in humanitarian action. Promotion of women leadership and participation in camp oversight groups will be prioritised. Emphasis is also placed on upholding the zero tolerance for Sexual Exploitation and Abuse (SEA) across the humanitarian system through promoting accountability, prevention measures and support to survivors.

HOUSING LAND AND PROPERTY

January - July 2020

Housing, Land & Property

The HLP sub-sector is coordinating and strengthening HLP interventions for the displaced and conflict-affected population. This objective responds to the common HLP challenges of insecure tenure on temporary settlements, poor housing conditions and inability to pay rent, and limited knowledge and capacity to access HLP rights.
