

Uganda Refugee Response Plan (RRP) 2020-2021

January - June 2021

Overview

The response seeks to explore opportunities to transition from in-kind to cash-based assistance, to the extent possible. The injection of cash, through unconditional multi-purpose, and conditional cash-based interventions seem to have multiplier effects on food security, social cohesion and reduction of aid dependency.

Achievements

- 1. Robust technical support to cash interventions
- 2. Improved coordination through revitalization of settlement and regional level cash working groups
- 3. Improved advocacy on cash based challenges
- 4. Provision of 2021 reference MEB in process
- 5. Scale up of cash based on market analysis and assessment

Challenges

- 1. Changing regulatory environment around cash transfers
- 2. Stringent processes for refugees to become bank agents
