A Preliminary Report of the Development of the New Internal Displacement - Al Qatn and Sayun Hadramaut Governorate 18 November 2021

Report date: 19/11/2021
Day: Friday
Time: 7 a.m. (Yemen local time)

Introduction

Al Qatn and Sayun Districts are in the middle of Hadramaut Governorate. Al Qatn is one of many districts of Hadramaut Governorate that lies in the middle. The population of Al Qatn is about 80000. Sayun is the center of Alwadi Districts. Its 360 km away from Al Mukalla City. The two districts currently receive many displaced households that fled from Marib Governorate (Harib and Al Jubah) because of the current conflicts in Marib. This preliminary report shows the number of households and individuals displaced from Marib to Al Qatn and Sayun Districts in Hadramaut Governorate on 18 Nov. 2021.

Number of displaced households	Number of displaced individuals
124	657

Map shows the places of displacement from Marib to Hadramaut

Tracking Displacement Table

This table shows the current displacement households and individuals occurred on **18/11/2021**

Protection Needs

Table:4 current protection needs of the displacement households occurred on 18/11/2021

Protection Needs	Livelihood	CFW	PPS	Rent Assistance	Cash Assistance
	124	124	124	124	124

Recommendations

The following is recommended for humanitarian partners:

- The Food Security Cluster should direct the WFP partners to include these displaced persons in the programme.
- The Shelter Cluster should direct partners to respond quickly to cover the rent and NFI needs of the newly displaced persons in the new displacement sites.
- The Water and Environmental Sanitation Cluster should direct the partners to respond quickly to provide water tanks and tanks in the new displacement sites.
- The Protection Cluster should work to provide multi-purpose cash assistance to help some displaced households pay housing and other rents in the new displacement sites.
- All the humanitarian clusters and sectors in Yemen are recommended to urgently intervene to rescue these displaced persons and reduce their sufferings.
- The OCHA office is recommended to allocate urgent emergency funds to meet the basic needs of the displaced households in the new displacement sites.
- All NGOs and governmental organizations should intensify their efforts in Al Qatn and Sayun where most of the displaced households are settled.

Conclusion

The current developments in the Marib (Harib and Al Jubah) led to a move of mass displacement. Thousands are leaving Marib because of the current conflict. The Executive Unit for IDPs Camp Management in Hadramaut Governorate registered 124 households with **657** individuals arrived (displaced) on (18/11/2021) from Marib (Harib and Al Jubah). The number is expected to increase where thousands are still struggling their way to reach Hadramaut and other governorates. Most of the displaced households are reaching Sayun (86 households with 508 individuals) (69% of HHs) and (38 HHs with 149 individuals) (29% of HHs) arrived Al Qatn. This huge number of displaced households is in urgent need of humanitarian interventions by humanitarian partner. Humanitarian partners and local NGOs are strongly recommended to intervene quickly to alleviate the sufferings of the displaced households.

The Executive Unit for IDPs Camp Management Procedures

- ✓ Receiving and monitoring the displaced households.
- ✓ Monitoring the number of IDPs and raising a preliminary report to the clusters and humanitarian actors.
- ✓ Informing RRM teams in the new displacement site.
- ✓ Follow-Up is in progress.

Monitoring of displaced households and individuals is in progress.
