

Overview

In 2022 (January-March) RRP partners managed 1,033 new GBV incidents from 13 refugee hosting districts in Uganda, hence reaching 21% of the expected target of 5000. As part of the case management process, 91 client feedback forms were completed to assess survivor satisfaction on the services offered by RRP partners. The sector focused on training RRP partners on administering the client feedback tool and guided them on reporting via the Activityinfo tool.

The indicator on GBV awareness campaigns was reached by 12% of the expected target of 560,000 persons and 1,093 (27%) duty bearers trained on GBV. Largely, the reporting on GBV Prevention and response activities in Q1 was low due to the limited number of GBV staff on board while the recruitment was being done. RRP partners will continue to empower the existing community structures to conduct awareness on GBV and SRHR. Refugees were also sensitized on the use of the FRRM helpline to refer protection cases including GBV.

Challenges include inadequate resources such as GBV partner staff including police, justice, and health officers leading to delays in access to Justice, Limited funding, few MHPSS partners to address deep trauma, late reporting of cases arising from negative cultural beliefs, and power imbalances, limited livelihood assistance for teenage mothers.

Key indicators

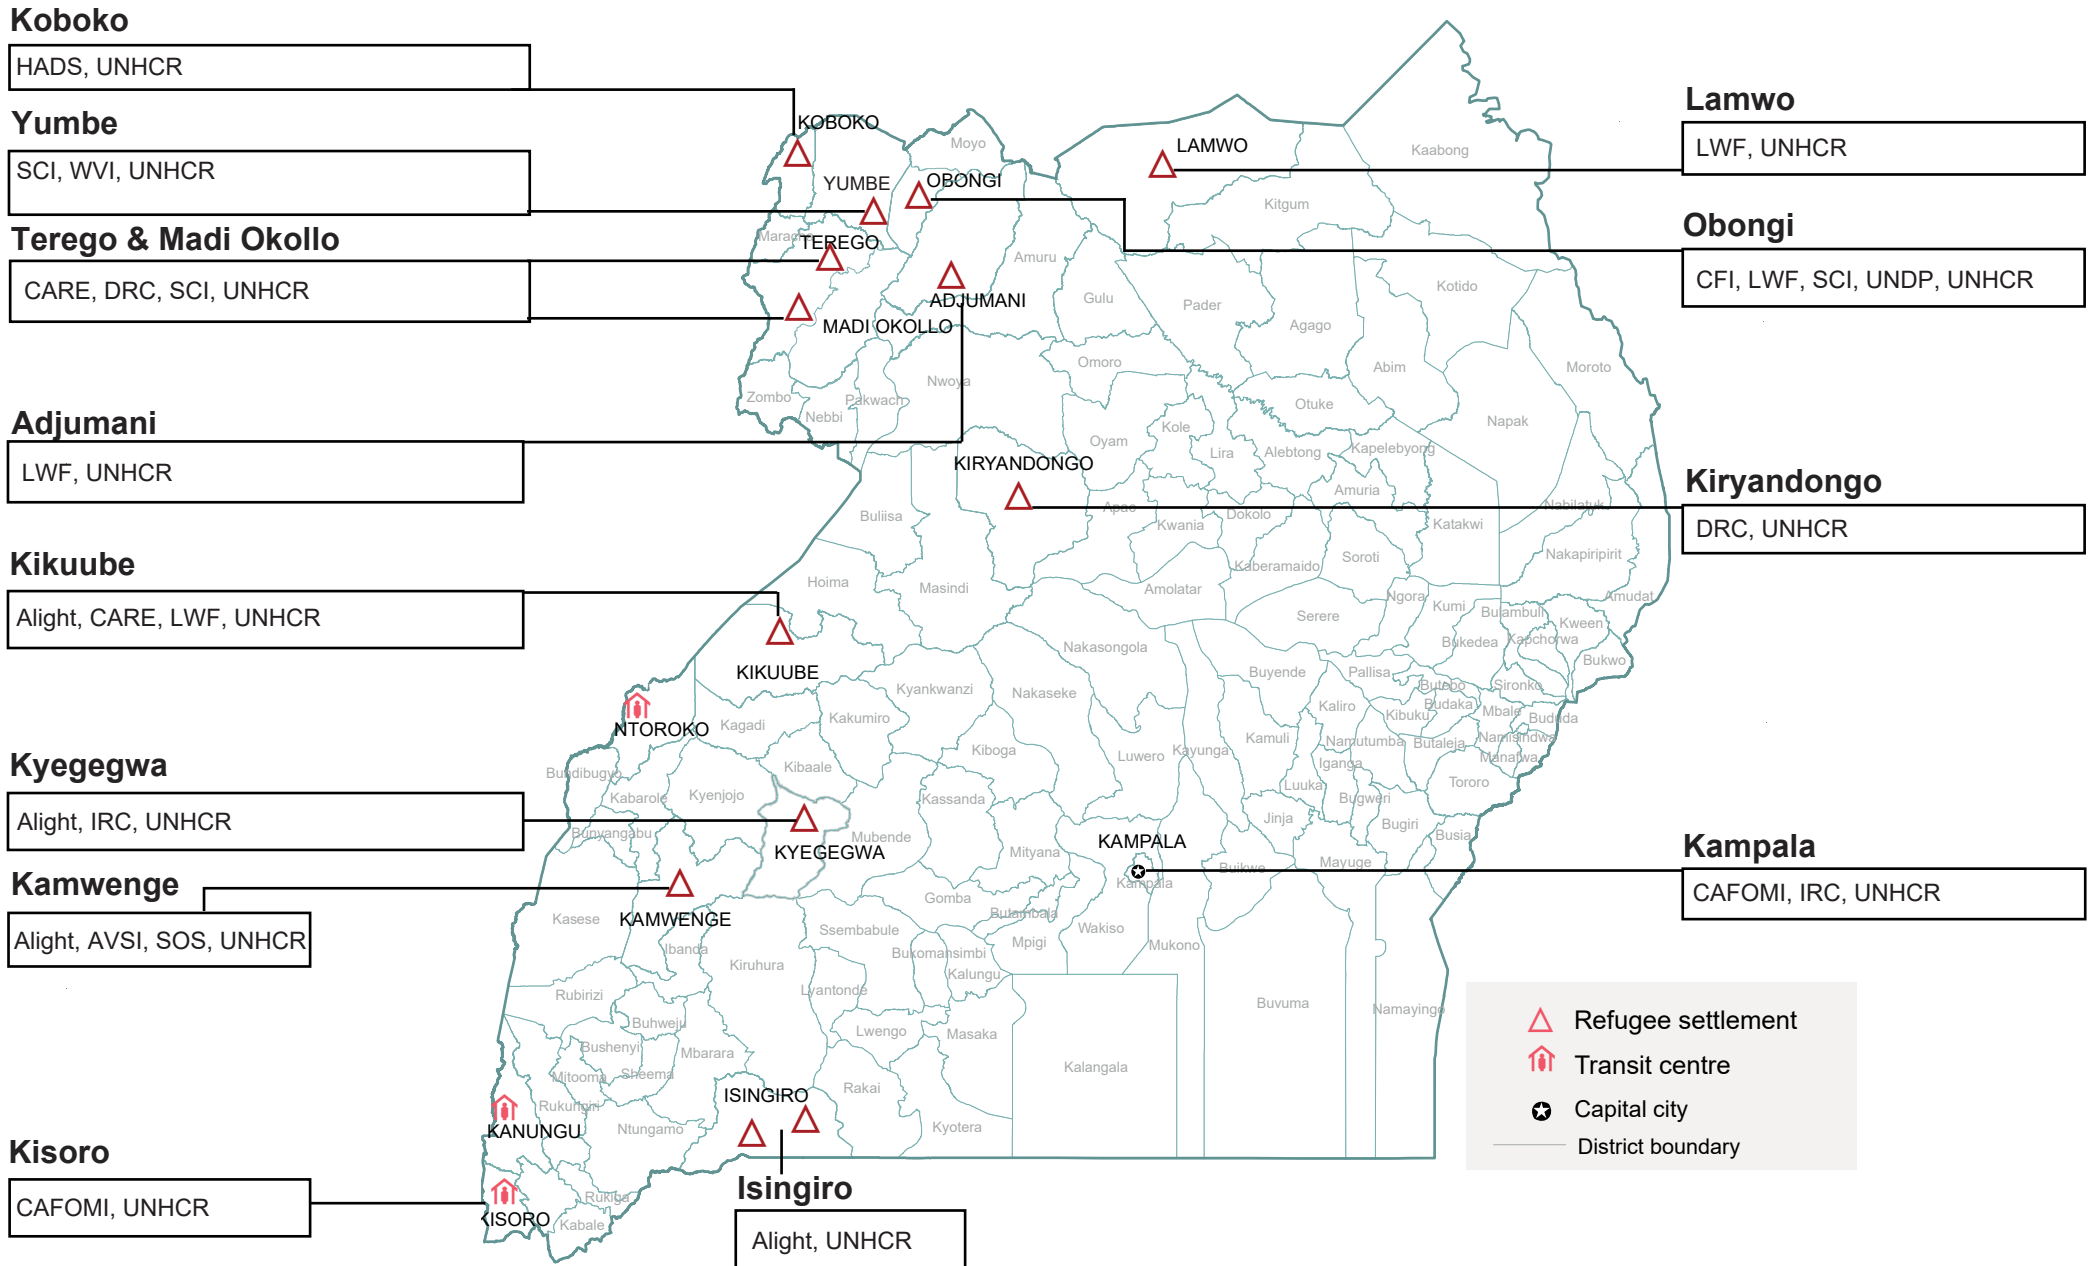

Outcome: Reduced Incidence of GBV and satisfaction with multi-sectoral services provided

Indicator	Actual	Target (2022)
Women, men, boys and girls reached with GBV awareness raising messages		
- Congolese refugees	10,851	200,000
- South Sudanese refugees	36,002	350,000
- Other refugees	21,462	10,000

Indicator	Actual	Target (2022)
GBV survivors receiving appropriate multi-sectoral support		
- Congolese refugees	481	2,200
- South Sudanese refugees	455	2,500
- Burundian refugees	97	300

Indicator	Actual	Target (2022)
Community and functional structures (duty bearers) trained on GBV prevention and response		
- Congolese refugees	278	2,000
- South Sudanese refugees	750	1,500
- Other refugees	65	500
