BACKGROUND

Since the onset of the Russian invasion, nearly one-third of Ukrainians have been forced from their homes. This is the largest human displacement crisis in the world today. Within Ukraine, over 6.6 million people remain displaced by the war. As of today, UNHCR estimates there are over 6.3 million refugees present across Europe. Over 3.7 million refugees from Ukraine have registered for temporary protection or similar national protection schemes in Europe. More than 10.3 million movements out of Ukraine have been recorded since 24 February, with over 4.2 million movements back into the country.

Inside Ukraine, many people who are trapped are unable to meet their basic needs including for food, water and medicines. The delivery of life-saving aid remains challenging, with a lack of safe humanitarian access in areas where intense fighting is ongoing. UNHCR and partners continue striving to reach hard-hit areas with life-saving assistance as part of inter-agency humanitarian convoys.
UKRAINE SITUATION UPDATE

- As of 1 August, the Office of the UN High Commissioner for Human Rights (OHCHR) recorded 12,584 civilian casualties in the country: 5,327 killed — including 352 children — and 7,257 injured. OHCHR notes that the actual figures are likely considerably higher. OHCHR reports that most of the civilian casualties recorded were caused by the use of explosive weapons with a wide impact area, including shelling from heavy artillery and multiple launch rocket systems, and missile and air strikes.

- Five months since the escalation of conflict in the country, deadly shelling and missile attacks continue, causing destruction, civilian injuries and deaths. Hostilities have destroyed more critical infrastructure, leaving millions overall without access to basic lifelines such as health services, water, electricity and gas supplies.

- This includes protection counselling and services, including psychosocial support and legal aid. 194,263 people received protection information, support or counselling; 142,303 people received information and counselling through hotlines; 53,378 people received legal counselling or assistance; 42,220 people received psychosocial support or psychological first aid; 9,414 received social support. This is in addition to 5,087 protection monitoring missions which have been conducted.

During the visits, more than 300 protection services were provided to persons of concern crossing the border including counselling, and social assistance.

### Shelter
- Despite the challenging security situation in Luhansk NGCA (non-government controlled areas), UNHCR completed a shelter assistance project for vulnerable families living in Malonikolvka village. With the replacement of around 1100 sqm of roofing and roofing structure damaged by conflict, almost 50 elderly and vulnerable persons in the two multi-storey houses are now able to live in improved conditions with a roof over their heads. This is especially critical in light of the upcoming winter to have warm and dignified accommodation.
- Following the call of support from the local authorities in receiving anticipated IDPs from the conflict affected areas, 500 NFI kits were prepositioned in Kirovohrad'ska oblast to be distributed to the new arrivals by UNHCR.
- On 28 July, 200 emergency shelter kits were provided to repair dormitories hosting more than 300 IDPs in Dnipro affected by the missile strikes on 15 July. The blast destroyed all windows and caused significant damages to the roof of three IDP dormitories.

### Multipurpose Cash Assistance
- Since the beginning of cash enrolment in Ukraine on 17 March, cash assistance has been disbursed to 436,000 people.
- An interactive Cash Working Group dashboard showing overall progress can be accessed here. A cumulative 2.3 million people have received cash assistance through 27 Cash Working Group partners.

### Core Relief Items
- To date, 647,711 people have benefitted from core relief items and food assistance across eastern, central and western Ukraine. This includes 146,053 people who received food assistance and 24,657 who were in receipt of shelter kits.
- UNHCR, as part of inter-agency humanitarian convoys, has reached 128,335 people in the hardest hit areas with life-saving assistance since the beginning of the war. Access to the hardest hit areas remains extremely challenging with continuing security risks, both for affected civilians as well as humanitarian actors.
- So far, UNHCR has supported 278 reception centres and collective centres run by the Government to increase their capacity to host IDPs. A total of 85,207 additional sleeping spaces at these centres have so far been created.

COORDINATION

Ukraine

UNHCR leads the Protection and Shelter Clusters as well as the Camp Coordination Camp Management (CCCM) Cluster which was activated as of 1 March in Ukraine. In addition, as co-lead of the Logistics Working Group in Ukraine, UNHCR is facilitating the movement of humanitarian convoys in coordination with OCHA. The UNHCR-led Protection Cluster has established a national coordination office in Lviv and plans to establish sub-national coordinators in Dnipro, Lviv, Uzhhorod and Vinnytsia. Both the Child Protection and GBV Sub-Clusters are similarly expanding their presence.

Regional Refugee Response

UNHCR has facilitated the establishment of coordination structures in line with the Refugee Coordination Model, in order to support the overall coordination of relevant governments. A Regional Refugee Response Plan (RRP) was developed in early March. A revised version of the RRP extending through December 2022 has since been published, bringing together the joint efforts of 142 partners. Inter-agency Refugee Coordination Forums (RCFs), led by UNHCR, and specific sectoral groups, have been established at country level in Belarus, Bulgaria, the Czech Republic, Hungary, the Republic of Moldova, Poland, Romania and Slovakia to support the efforts of the concerned governments. The structures are intended to be agile and will be adjusted as the situation evolves.

UNHCR leads the Refugee Coordination Forum (RCF) at country-level in Hungary to ensure a harmonized response within existing government structures and among inter-agency partners, NGOs, volunteers and other stakeholders, with associated working groups (Protection, including Child Protection and Education, and Basic Needs – including Shelter, Food, and Non-Food Items) and two cross-cutting task forces (the Prevention of Sexual Exploitation and Abuse and Mental Health and Psychosocial Support) to effectively coordinate inter-agency partners’ response.

In Moldova, an Inter-Agency Coordination Group has been established with more than 70 participating members. UNHCR leads the RCF and co-chairs the Cash, Education, Information Management (IM), Protection, Accommodation & Transportation, and Logistics & Supply Working Groups; GBV and Child Protection Sub-Working Groups; the Gender Task Force; and the PSEA Network. The Government of Moldova has established a Single Emergency Management Centre under the Prime Minister’s Office, where UNHCR represents the Inter-Agency Coordination Group, ensuring coordination between the two.

In Poland, UNHCR leads the overarching refugee coordination structure in Poland, in support of the Government-led response. The thematic sector working groups include Protection (with sub-sector working groups on Child Protection, Gender-based Violence, Counter-trafficking, Third-Country Nationals, and Mental Health and Psychosocial Support); Health; Education; Shelter; Basic Needs, including Food Security, Water and Sanitation and Core Relief Items; and Logistics. In addition, there are transversal working groups on Cash, Information Management, Accountability to Affected Populations and Prevention of Sexual Exploitation and Abuse.

In Romania, UNHCR has set up the Refugee Coordination Model structure made up of eight sector Working Groups, one Anti-Trafficking Task Force and a PSEA network. UNHCR leads the Protection Working Group and PSEA network, and co-leads the Child Protection Sub-Working Group, Information Management Working Group, Cash Working Group and Basic Needs Working Group. Blue Dots

UNHCR and UNICEF are jointly establishing ‘Blue Dots’ in multiple countries receiving refugees fleeing Ukraine. To date, a total of 37 are already operational including in:

- Bulgaria 6
- Moldova 7
- Slovakia 3
- Hungary 2
- Poland 9
- Italy 2
- Romania 8

UNHCR has reinforced staffing for the Blue Dot roll-out with one coordinator to ensure consistency in approach, provide support, and enhance assessment and quality assurance.

UNHCR is rolling out an accessibility checklist to make sure Blue Dot locations are accessible to everyone, including persons with disabilities. UNHCR is developing a joint Monitoring Framework and Feedback and Complaints Mechanism for all Blue Dots, together with UNICEF and other partners.
the governmental sectoral Working Group meetings. As such, governmental and humanitarian coordination structures are operating to mutually reinforce each other, under governmental leadership. A total of 23 international and national partners are part of the Refugee Response Plan for Romania.

In Slovakia, a response-wide Refugee Consultation Forum (RCF) is in place that meets alternatively in Bratislava and in eastern Slovakia and is co-chaired by the Government and UNHCR. Within the RCF, seven working groups and sub-working groups are operating (Anti-Trafficking, Cash, Child Protection, Health, Information Management, MHPSS, Protection and Inclusion) as well as a UNHCR-led PSEA Task Force while Accountability to Affected Persons (AAP) is mainstreamed across all groups and made an RCF standing agenda item. UNHCR also convenes a regular humanitarian and development Donor Group. In early June, the Prime Minister announced the reactivation of a Steering Committee dedicated to integration. This body, created in 2014, to ‘find solutions for foreigners and looking at ways to integrate them’, is now being reactivated and tasked with the inclusion and integration of Ukrainian refugees. RCF partners are furthermore supporting the ongoing engagement of the Slovak Republic with the Global Compact on Refugees (GCR) as a means of systematizing and sharing good practices with other countries facing similar challenges, and in view of cultivating pledges related to its national response for the Global Refugee Forum in 2023.
