Introductions

Updates from participants

Rapid risk assessment – initial outcomes

- Initial outcomes of the assessment were shared for discussion and validation between participants
- 21 organizations completed the survey, and 14 interviews/consultative discussions will inform the outcome (with some still pending for this week)
- An overview of risks and context shared through the interview and complemented by the survey were shared in relation to organizational management, programming and response (please see attached presentation)
- Prioritized activities in line with discussion and interviews were shared (please see attached presentation) – feedback shared by participants was noted with the intention to reflect these observations
- A first draft of the report detailing outcomes and prioritized activities will be shared for feedback before the next meeting. The prioritized activities in the final document will inform the initial action plan of the PSEA Network in Romania.
- This is just an initial assessment and plan; given the evolving situation, there will need to be further assessment and review as time passes.

Next steps / action points

- Rapid risk assessment – feedback on draft to be provided by COB Tuesday 13 April
- Please information about existing reporting channels to begin mapping.

The next meeting of the Network will be on 14 April from 10:00 to 11:00 am. Following this meeting, and in anticipation of the initial Action Plan being established, the frequency of the Network meeting will reduce to once every two weeks.
