## PROTECTION NEEDS

**ANY PERSONAL\LEGAL DOCUMENTATIONS LOST**

**# HHs IN NEED FOR DOCUMENTATIONS**

189

**If the site is muddy how people with limited mobility (elderly, people with disability, pregnant, etc.) can move within the site?**

The IDPs in the site face difficulties moving within the site especially elderly. They can only move around the camp with the help of others or stay in their place . and some use Special latrine

**ARE THERE ANY PSYCHOLOGICAL NEEDS**

**If Wash facilities are damaged; Available water source and its distance from site, what will women/girls do until latrines fixed?**

Female IDPs has to use open defecation/the neighbors latrines/ emergency latrines The main source of water is a well in the site, Borehole or They bring water from nearest water point (2-3 KM) So females has to walk to their, and some has to purchase water trucks.
