CHANGING LIVES

# Shock Responsive Social Protection

Cash assistance to vulnerable Moldovans  
WFP – UNICEF – UNHCR - UNFPA – IOM

27 October 2022

# Delivering as ONE

- Integrated emergency and development programming is at the heart of this project by the United Nations World Food Programme (WFP), UNICEF, UNFPA, UNHCR and IOM in collaboration with the MoLSP
- The agencies collaborate with the government's Joint Crisis Management Centre as part of a coordinated response
- The agencies work towards common objectives, promote sustainable outcomes and generate efficiencies, drawing on agencies' comparative advantage
- This spirit of partnership among UN entities is central to the 'new era of collaboration' of the United Nations Sustainable Development Cooperation Framework
- The agencies ensure the project is coherent with national systems and capacity, as well as with other social protection interventions and reforms

# Objectives

1. Address the immediate food and essential needs of crisis-affected Moldovan households through the provision of direct cash transfers.
2. Enhance social cohesion and mitigate tensions between host communities and refugees.
3. Enhance the government social protection system, including its responsiveness to refugee influxes, ensuring no one is left behind.
4. Operationalize the humanitarian-development-peace nexus approach to comprehensively address the impact of the Ukraine crisis.

# Emergency Cash-Based Transfers Eligibility Criteria

Eligibility Criteria & Transfer Value

**OLD CRITERIA**

The following groups will be targeted from MLSP database using categorical targeting:

1

Households with persons with disabilities

2

# Pre-implementation activities

## Training to Social Assistants

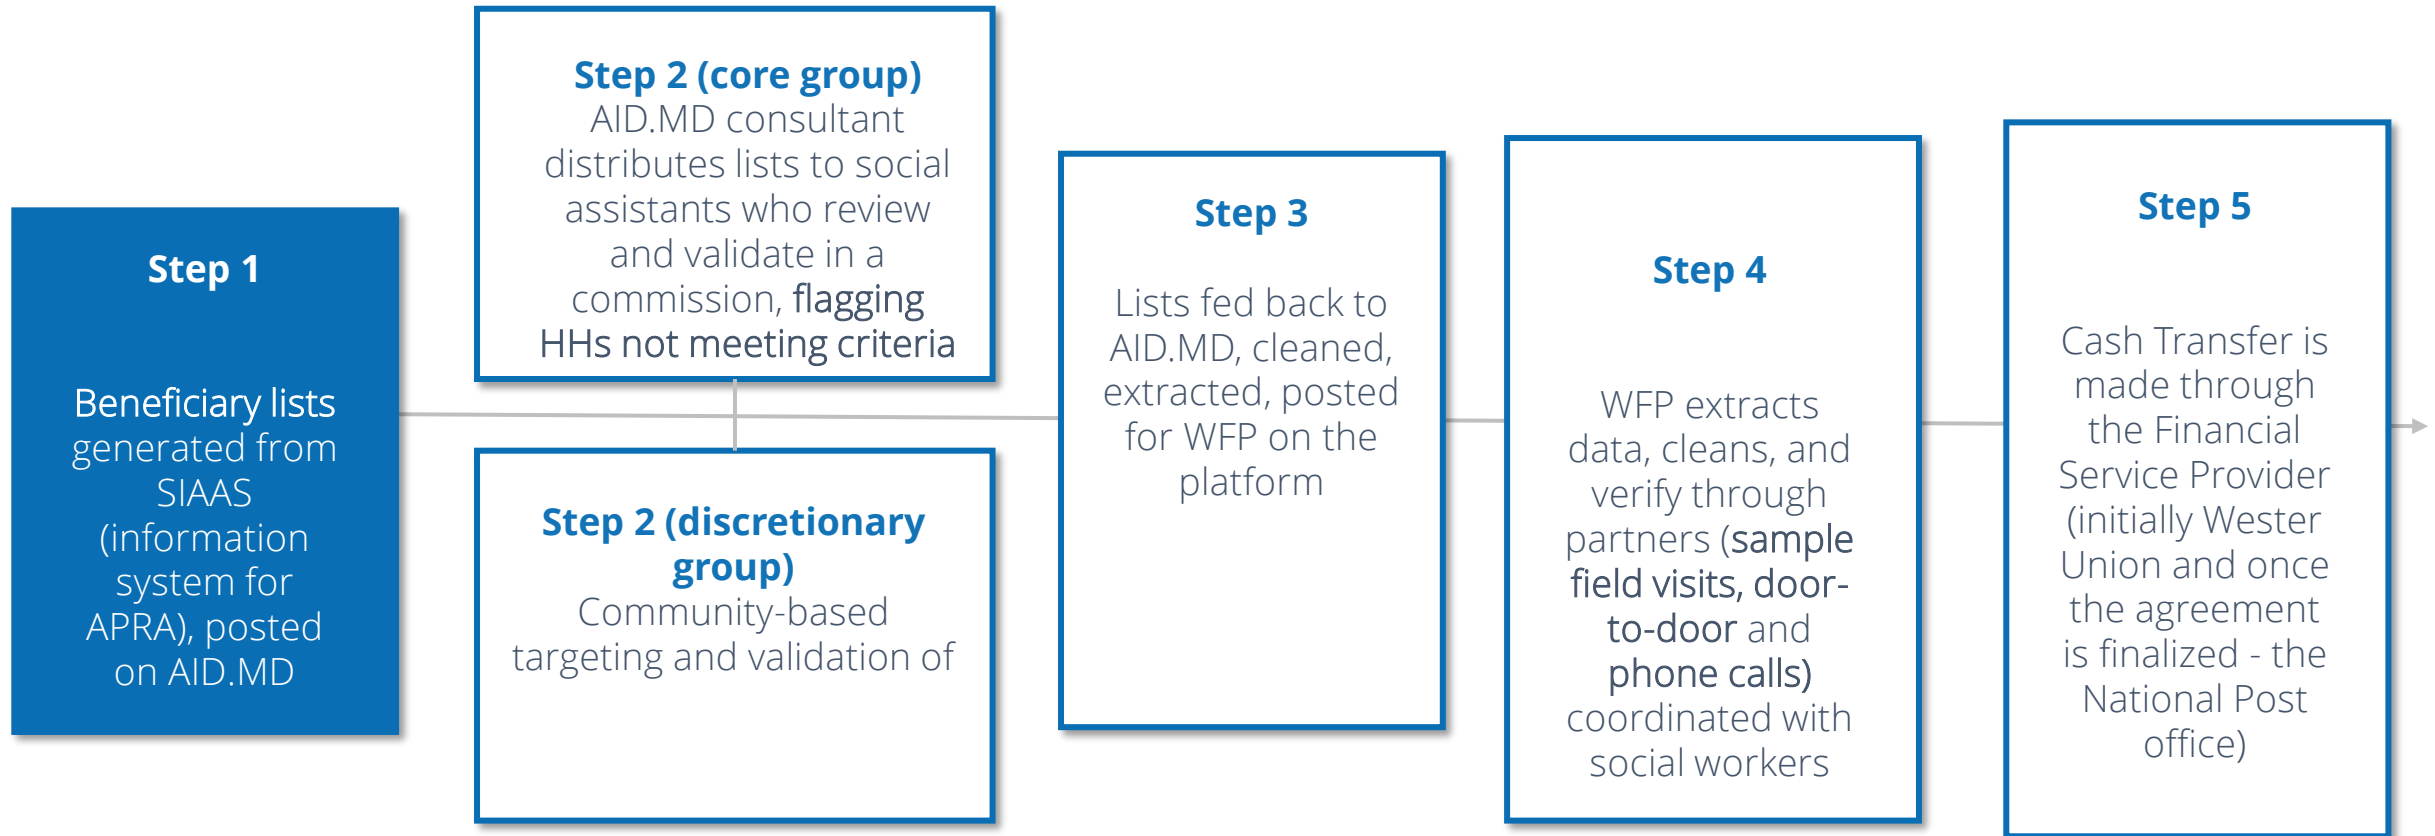

- WFP and partners, with coordination with Ministry and AID.MD developer, will arrange series of training sessions for all social workers/assistants on:
- Intro and scope of the project (including the criteria)
- Process of revalidation
- Using Aid.MD
- A one-off incentive will also be provided to social assistants

## Sensitization/Media campaign

- WFP and partners will develop beneficiary sensitization materials including posters and flyers to be distributed across all raions
- A campaign will be launched including series of media publications
- WFP will develop FAQs for stakeholders including Social Assistants, Greenline and other relevant partners

# Implementation Details

Step-by-step of the programme

← Monitoring and evaluation (PDMs, Questionnaires etc...) →

 WFP CFM will be fully operational to collect feedback, with the aim to be integrated in national systems
