Project Overview

Project Name

Specific Sites/Locations of the project

Total People we serve affected

This should equal the total number of Indirect plus Direct people we serve that will be affected by your project.

Proposed Project Start Date

yyyy-mm-dd

Proposed Project End Date

yyyy-mm-dd

Project Details

Problem

What is the core problem and need that the project will address and that are not being met by other assistance efforts; Provide current evidence/data or assessments that have been recently conducted to support your proposed solution.

Location and Communities

Detail the current communities and location(s) that will directly and indirectly benefit from the proposed solution; Communities must be at the heart of the design and management of the solution; Describe what actions will be taken to ensure that potentially vulnerable and underserved groups are included. These groups can include women and children, people with disabilities, older persons, minorities, LGBTQ+ persons, and others with specific needs and/or diverse profiles. Please indicate the approximate number of people directly and indirectly affected..

Solution

Explain the solution, its stage of development, and how the key activities will be implemented.

Challenges and Risks

Please specify foreseen challenges and risks and how they will be overcome and managed.

Impact and Sustainability

How will this solution make a difference to the proposed community or group? Will this solution require additional funding after the project concludes? How will the solution be scaled to other locations? What would happen if this funding was not provided?

Program Reporting, Monitoring and Evaluation

Explain your proposed system for monitoring and evaluation of the outputs, outcome and impact related to the project.

Organization's Management, Past Performance and Capacity

Demonstrate your organization's capacity to respond to the identified need, and implement the proposed solution within the given timeframe and budget. Provide details for how the project will be managed and implemented.

Breakdown of Activities and Costs

Please provide a short breakdown of the activities your project has and the associated costs of implementing them. Please include details about the materials or services that you will require, including the costs per unit in USD.. If additional space is required, you can also upload a file in the below section.

If you would like to provide additional supporting materials for your application, please upload the file here.

Accepted file formats include excel forms, PDF, jpg files, word files
