Settlement Approach in the Doolo Zone

Driven by the Federal and Regional Governments' proactive commitment to the Global Compact for Refugees (GCR) and the Comprehensive Refugee Response Framework (CRRF), the **refugee settlement approach** in the Doolo Zone promotes solutions planning and social cohesion from the outset of the emergency. It entails refugees' access to and inclusion within **local service provisions** such as education, health, and livelihoods - alongside their host communities. The **inclusion environment** also promotes strong social networks, peaceful coexistence, and sustainable self-reliance mechanisms.
