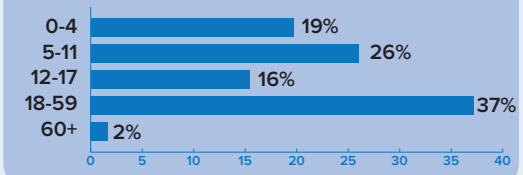
AGE BREAKDOWN



Trends, Highlights and Challenges

- Every family received a one-off cash asssistance of JOD 99 as support to meet the increased winter needs.
- Private latrines installation at household level in Azraq camp project started in January to construct total of 400 private latrines targeting persons with specific needs.
- An average of 5,330 medical consultations were conducted by different health services providers in azraq every week. In addition, there were average of 26 weekly deliveries. Overall, due to budget constraints, health services in Azraq are struggling to provide much needed life-saving medical support for refugees.

Key Facts and Figures

- More than 12,000 children are currently enrolled in education; this represents 70% of children in the camp
  - 11,722 children from kindergarten 2 to Grade 12 (56% female) enrolled in formal education
  - 289 children (56% female) enrolled in Ministry of Education accredited non-formal education
  - 15 schools and 5 standalone kindergarten 2 centres
- As of the end of December, a total of 1,264 active work permits holders, including 10% female, are registered in the database; this represents around 8% of Azraq's working-age population
- Around 1,619 refugees, including 39% female, are engaged in the Incentive-Based Voluneer scheme, which allows refugees to work with organisations in the camp as paid volunteers
