ABOUT THE 3RP

The Regional Refugee and Resilience Plan

is a **strategic coordination, planning, advocacy, fundraising and programming platform** with over **270** humanitarian and development partners across five countries.

has **channeled around US\$ 24 billion** since its inception in 2015.

is a **regionally coherent plan** that adopts a tailored approach to bring out country specific needs and priorities.

consists of **one regional plan and five standalone country chapters**, which align with existing government-led national response plans (e.g., JRP and LRP).

is **centered on national leadership and capacities** to achieve resilience for all, guided by the principle of 'leaving no one behind'.

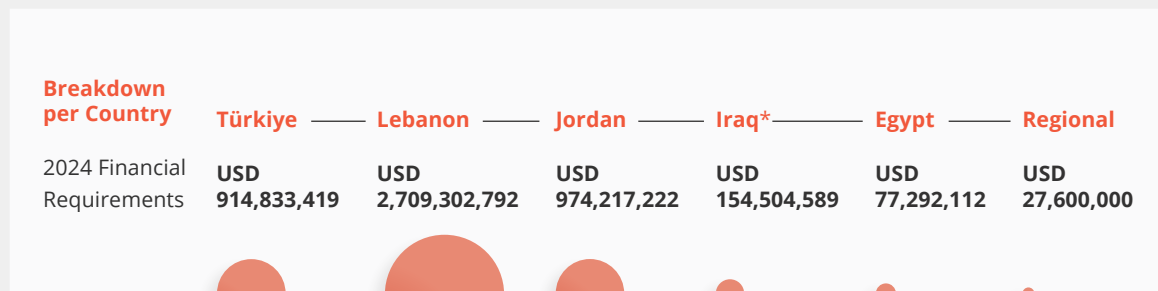

is at the forefront of many **programmatic innovations in support of national and local systems**, using technology to increase efficiency and effectiveness, and supporting the self-reliance of refugees and host communities.
