This map illustrates the geographical distribution of conflict in Syria, with blue circles representing the intensity of fighting. The largest circle is centered on Aleppo, indicating the most intense conflict. Other significant circles are located around Latakia, Hama, and Idlib. The map also shows the Mediterranean Sea to the west and the Euphrates River to the east.

This map illustrates the locations of 10 chemical attacks in Syria, marked by blue circles. The size of each circle represents the number of victims, with the largest circle indicating over 100 victims. The attacks are distributed across the country, with a significant concentration in the central and eastern regions. The map also shows major cities and geographical features, providing context for the locations of the attacks.

Location	Approximate Number of Victims
Antakya	100+
Kahramanmaraş	100+
