Hiraan	510	Qansax Dheere	700
Galgaduud	420	Jowhar	680

Destination: What district did people arrive in?

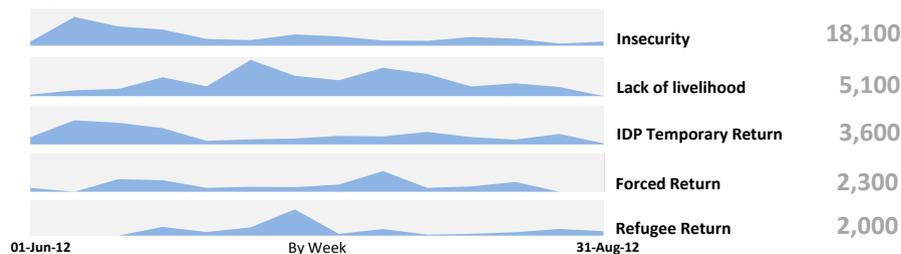

Regions	People	Top 10 Districts	People
Banadir	10,000	Banadir	10,000
Juba Hoose	7,300	Afmadow	5,100
Gedo	6,800	Baardheere	2,400
Shabelle Hoose	4,900	Ceel Waaq	2,000
Bakool	990	Marka	1,800
Bay	700	Doolow	1,600
Shabelle Dhexe	460	Kismaayo	1,600
Juba Dhexe	370	Afgooye	1,500
Hiraan	82	Kurtunwaarey	720
Galgaduud	-	Baydhaba	700

Correlation of movements

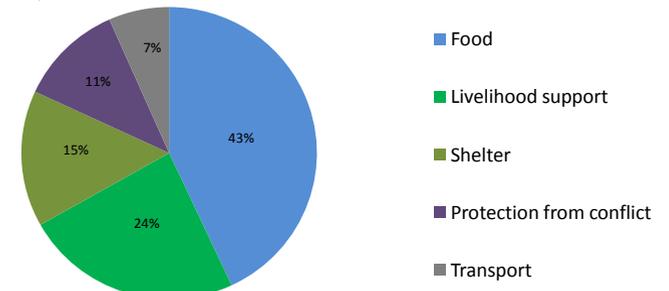

Between 1st Jun and 31st Aug 2012, displacements were mainly recorded in South Central with approximately 32,000 out of a total 35,000 displacements recorded in all three zones. 18,100 displaced people reported insecurity as the major cause of displacement in South Central followed by, lack of livelihood (5,100), IDP temporary return (3,600), Forced return (2,300). The movements originated mainly from Shabelle Hoose (13,000), Juba Hoose (4,900), Gedo (2,800) and Banadir (2,300) regions. The top three regions people moved to were, Banadir (10,000), Juba Hoose (7,300), Gedo (6,800) among other regions.

Top 5 Reasons for movement

Priority Needs

This data has been collected through the Population Movement Tracking (PMT) system. PMT is designed to capture population movement trends, not cumulative population data. Due to the fluid nature of displacement in Somalia and in order to avoid capturing multiple displacements, UNHCR limits the reporting range to a period of three months - these figures should therefore not be added and used cumulatively.

* Please note figures have been rounded using a three tier method as follows. Figures below 100 were not rounded at all. Figures between 100 and 1,000 were rounded off to the nearest tenth, figures between 1,000 and 10,000 were rounded off to the nearest hundredth and all figures above 10,000 were rounded off to a thousandth. This rounding rule was applied to the final result after all computations were undertaken.
