Agenda item	Discussion	Action points
1) GBVIMS briefing	<p>The SWG had a presentation from the GBVIMS steering committee member here on mission on the main features of the GBVIMS (see attached presentation and mission ToR).</p> <p>In Jordan there is a GBVIMS Task force established in 2013 composed by UNHCR, UNFPA, IMC, IRC, IFH, JRF, and UNICEF. The TF has a fixed membership and it's mainly composed by organizations currently using the GBVIMS; new members will be considered later in the year. The TF is finalising information sharing protocol, which governs internal and external information sharing. The TF hopes to start compiling information in May.</p> <p>In Jordan an isolated module of the GBVIMS on RAIS was created, and organizations can chose which system they would like to chose. Compilation</p>	<p>Chairs to keep SWG updates on progress of information sharing protocol.</p>

	<p>and consolidation will be also done through this module.</p> <p>The members also discussed SGBV case management systems being implemented in other locations which could also be considered in Jordan</p>	
<p>2) RRP6 Indicators</p>	<p>Guidelines for partners have been developed for how to input data into activity info specifically when it comes to the Protection sectors. (see attached guidelines).</p> <p>Some of the main elements to remember for GBV specifically are:</p> <ul style="list-style-type: none"> - Because of the multi-sectoral nature of SGBV programming, SGBV specific indicators are included under a number of outputs both in the Health and Protection sectors: <p><u>A. Health:</u> 1.3.SGBV- Increased availability of service - # of SGBV survivors who access medical services</p> <p><u>B. Protection:</u></p> <ul style="list-style-type: none"> - 1.4. Access to legal assistance and remedies - # of SGBV survivors receiving legal information, counselling and/or representation - 2.5. Psychosocial Support services - “# of WGBM SGBV survivors benefitting from psychosocial support services (level 2 & 3)”- - 3. 1 - SGBV Prevention - # sensitized on SGBV issues, services available and referral pathways; “# of WGBM involved in designing, implementing and reviewing SGBV prevention activities”. - 3. 2 - Provision of multi-sectoral services - # of specialized SGBV service providers who receive training on case management, SOP and survivors centred approach- # SGBV survivors who access and benefit from safe, confidential and compassionate specialized multisectoral services- # of SGBV survivors benefitting from case management- # of SGBV survivors receiving financial support- # of SGBV survivors benefitting from safe shelters (institutional or community-based) 	<p>Partners to provide comments/feedback to Chairs on Indicators Guidelines</p>

	<p>- 3.3. - Mainstreaming and Capacity building - # of govt actors trained on SGBV referral pathways and core principles of working with survivors of SGBV # of non-govt actors trained on SGBV referral pathways and core principles of working with survivors of SGBV</p> <p>Please kindly notice that the list above contains the most relevant outputs, but SGBV programming is usually broader and it might include the running of safe spaces, and other empowerment activities included under output 2 of protection for example.</p> <p><u>N.B. In the process of updating the RRP6 sub-indicators were added retroactively and relevant partners should try to fill that data from January onwards when possible</u> (2.5. Psychosocial Support services - # of WGBM SGBV survivors benefitting from psychosocial support services (level 2 & 3); Provision of multi-sectors service # SGBV survivors who access and benefit from safe, confidential and compassionate specialized multisectoral services- # of WGBM involved in designing, implementing and reviewing SGBV prevention activities)</p> <p><u>N.B. to ensure safe and confidential data collection, geographic details for indicators that deal with services for SGBV survivors specifically will be limited. The indicators will continue to capture services in camp and non-camp settings, but not at the level of detailed location. All other indicators will maintain the option of entering geographic details.</u></p>	
<p>3) ECHO Gender-Age Markers Policy</p>	<p>ECHO has developed new gender markers, which will be expected in all funding requests submitted to ECHO in the near future. For details see attached presentation and documents.</p>	<p>UNHCR to send full policy and guidance notes on ECHO Gender Markers to partners</p>

4) Updates from Field SWG and Sector Focal Points	The chairs debriefed Azraq camp management on the recommendations for SGBV prevention measures. The SGBV SWG will attend one of the next camp coordination meetings to follow up on the implementation of the recommendations.
