

Distribution of **7,842** Winterization kits

and distribution of **973** Core Relief Items (CRIs) iKts to the new arrivals from Kobane/Syria

### FEBRUARY HIGHLIGHTS:

#### Duhok camps:

Domiz (1&2): 118 newly arrived families received CRIs kits. Also, 4,110 families received winterization kits. 10 families (45 persons) were assisted by tent replacement, CRIs kits and plastic sheets through individual needs assessments.  
Gawilan: 842 newly arrived families have received CRIs kits. Also, some 92 families received winterization kits.  
Akre: 1,353 persons have received mattresses and quilts;  
Further, to complete the Kerosene distribution round 1&2, kerosene was distributed to 220 families (400 liters each). And 29 tents were distributed to the newly registered families (222 persons) plus each person has also received 1 blanket and 1 mattress.

Non-camp refugees were also supported: IOM together with BRHA (newly created governmental agency) provided 2,421 winter kits; UNHCR provided sleeping bags to 1,869 families to Duhok Center, Akre, Bardarash, Fayda districts. PWJ and Save the Children completed kerosene distribution to 600 families; German Red Cross distributed 450 winterization kits and Kerosene to 900 families (100 liters each).

#### Erbil camps:

Only 13 newly arrived families have received CRIs Kits (9 in Basirma and 4 in Darashakran).  
In all the camps in Erbil the basic needs assistance was as following:  
6,274 families have received the second round of kerosene (120 liters each);  
418 families have received tent insulation kits;  
3,280 families have received winterization kits;  
1,154 old tents were replaced ( 762 only in Darashakran )

Further, to improve the coordination among the partners and address the most important gaps related to camp infrastructure, UNHCR in coordination with DRC, Camp Administration and ACF, conducted several assessments.

**Anbar (Al-Obaidi camp):** UNHCR through its partner (ISHO) has distributed 3,640 pieces of sanitary napkins, 6,840 pieces of baby diapers and 2,160 pieces of adult diapers; 169 complementary CRI kits from the camp warehouse. The distribution included CRI items and not full kits (subject of availability), such as mattresses, quilts, stoves, kitchen sets, Hygiene Kits, rechargeable fans and soap. Also, following a fire accident, ISHO has released a tent and CRIs kit.

#### Items in the UNHCR Winterization Kit:

- Tent Insulating 3rd Layer
- Thermal Blanket
- Plastic Sheets 20 sq.m
- XSP Insulating Layer 23 sq.m
- Kerosene Heater
- Kerosene 100 liter/family/month

Qushtapa Refugee Camp, Erbil. UNHCR/R. Fraser

### NEEDS ANALYSIS:

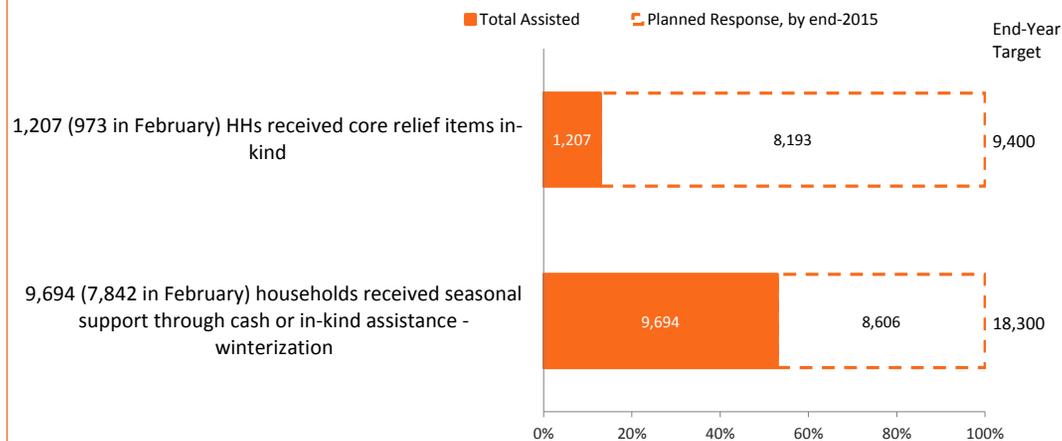

Due to various reasons, it was reported that scabies infection affected many refugee families, which resulted also in replacing of infected 32 CRI kits.

In Kawergosk camp due to space constraint in the camp and the ongoing relocation, no tent was issued during the month of February for newly married. After the end of the relocation process, depending on available space in the camp, tents will be issued for newly-married and new arrivals. Part of the fence has been broken and is an hindrance for the security of refugees.

During the distribution of sleeping bags in Duhok, most of families reported high need of kerosene and heaters.

Due to security situation in Anbar Governorate, Al-Qaim district, and Al-Obaidi camp accordingly, remain unreachable for humanitarian actors.

### IRAQ RESPONSE INDICATORS: FEBRUARY 2015

Planned response based on full funding of 3RP for an expected direct beneficiary population of 250,000 Syrian refugees and 1.5 million members of impacted local communities by end-2015.
