

## Site profiles - Greece

This document provides detailed information on sites in Greece to allow for better planning and to address gaps where highlighted. The data will be updated on a weekly basis. All sites are managed by the Greek authorities. Data has been collected from different sources, i.e. UNHCR, site managers, Police etc., and indicators are measured and based on the Sphere standards as outlined below. Data was collected using key informants at the site and direct observation. Population figures are based on estimations at site level.
