SOUTH

The Reception Centre (RC) in Presevo accommodated between 65 and 83 refugees. In addition, 80 new arrivals, many exhausted and ill, were also accommodated and treated there before departing to assigned asylum centres.

All necessary assistance was provided by the Serbian Red Cross, UNICEF, Indigo, BCM, ADRA, ATINA, Grupa 484, Humedica SOS children Villages, DRC, Save the Children, Care, REMAR and Philanthropy. EAST

On 3 June, the police apprehended 23 Afghan men in a van on the road between Zaječar-Paraćin. They arrived from Bulgaria, 18 of them were issued expulsion orders by the Zajecar police. The other five were interrogated as witnesses by the Public prosecutor, and presumably released after with an expulsion order. They were all counselled by Sigma Plus.

BELGRADE

Between **220** and **600** refugees, asylum seekers and migrants were encountered/assisted every day by UNHCR and partners in the city centre. They were mainly new arrivals from Afghanistan, Syria or Pakistan. Fewer numbers

were observed at night in the public places, due to the fact that over 280 were transported to and accommodated at Krnjaca Asylum Centre (AC).

The Asylum Info Centre facilitated various referrals, including access to asylum procedures, accommodation to Krnjaca AC and medical services. UNHCR/DRC doctors treated 85 patients, while MSF, Refugee Aid Miksaliste and Divac Foundation assisted with food and other aid.

NORTH

Between **390** and **460** asylum seekers, mainly women and children, camped outside the “transit zones” at Kelebija and Horgos I border crossings for days in the open. Serbian authorities installed three chemical toilets at each border zone, but did not yet organize their daily cleaning.

During the reporting period, a total of **123** asylum seekers were admitted into Hungarian “transit zones”, i.e. around 30 per day.

UNHCR, HCIT, UNICEF, IOM and the Red Cross provided humanitarian assistance including water, food and non-food aid at the two border crossings with Hungary. The distribution also included provision of fresh fruit, donated by World Vision. MSF reduced its medical assistance but informed that they will resume it in the coming days.

On average over 70 refugee/migrants were encountered on a daily basis in and around Subotica on their way to the border crossings or in their attempt to irregularly cross the border. HCIT as well as BCM, Divac Foundation and other agencies continued to assist them with water, food, clothes, hygienic packages and blankets.

Up to 78 refugees/migrants, including families with small children, were accommodated in the Refugee Aid Point of Subotica.
