USEFUL FACTS FOR SYRIAN REFUGEES

Why register with UNHCR?

Registration allows you and your family to formalize your stay as asylum seekers in Egypt. You will receive an "Asylum Seeker Card" - or a "Yellow Card" - a document that will help you with your daily interaction with Egyptian authorities and partners. Registering with UNHCR facilitates residency and will protect you and your family from being returned to Syria.

UNHCR Yellow Card is Valid For 18 Months

What happens if I do not renew my UNHCR documentation after 18 months?

- You and your family will not be entitled to receive services and assistance from UNHCR and its partners or WFP food assistance.**
- Your case will be inactivated until the moment you approach UNHCR again.**

Why is UNHCR doing iris scanning?

- Every person has a unique iris.
- By recording your iris information, UNHCR avoids registering anyone more than once and protects your identity.

Residency

Once you have received your card from UNHCR, you are obliged to obtain a legal residence permit (sticker) in order to legalize your stay in Egypt (more details on page 25).

How can I close my file with UNHCR?

If you are registered with UNHCR and wish to withdraw your application, you should approach our Registration Center in Zamalek to request the closure of your case.

Resettlement

- Resettlement is not a right. A small number of Syrian refugees with particular vulnerabilities will be resettled.
- Resettlement countries make the final decision on who is resettled. UNHCR can only recommend a refugee for resettlement.
- Refugees cannot apply for resettlement. If a refugee fits the criteria, they will be contacted by UNHCR.

UNHCR Zamalek Registration Center

UNHCR provides Syrian refugees with protection and assistance in coordination with the Egyptian Government and partners. Protection includes registration and documentation of asylum seekers, and referral to legal services.

The Zamalek Registration Center is for Syrian refugees residing in the following governorates:

Greater Cairo (Cairo, Giza, 6th October, Monofiya, Qalyubia, Sharkia), North Sinai, South Sinai, Ismailia, Suez, Helwan, Red Sea, Fayoum, Bani Souwaif, Menia, Assiut, Sohag, Qena, Luxor, Aswan and New Valley

Syrian refugees residing in the following governorates should approach the UNHCR office in Alexandria:

Alexandria, Damietta, Beheira, Dakahlia, Gharbeya, Kafr el Sheikh, Marsa Matrouh, and Port Said

Refugees residing outside the above governorates may contact our infoline or approach the Zamalek Registration Center.

In order not to make unnecessary travels and if you are not sure which office you should approach, please contact the UNHCR infoline or send a private message through our UNHCR Facebook page.

UNHCR Zamalek Protection Unit

This unit offers advice and assistance concerning legal matters and security concerns, as well as information on and assistance with documentation (for example, residency, birth and marriage certificates) and procedural formalities.
