

# Iraq - CCCM Settlement Status Report

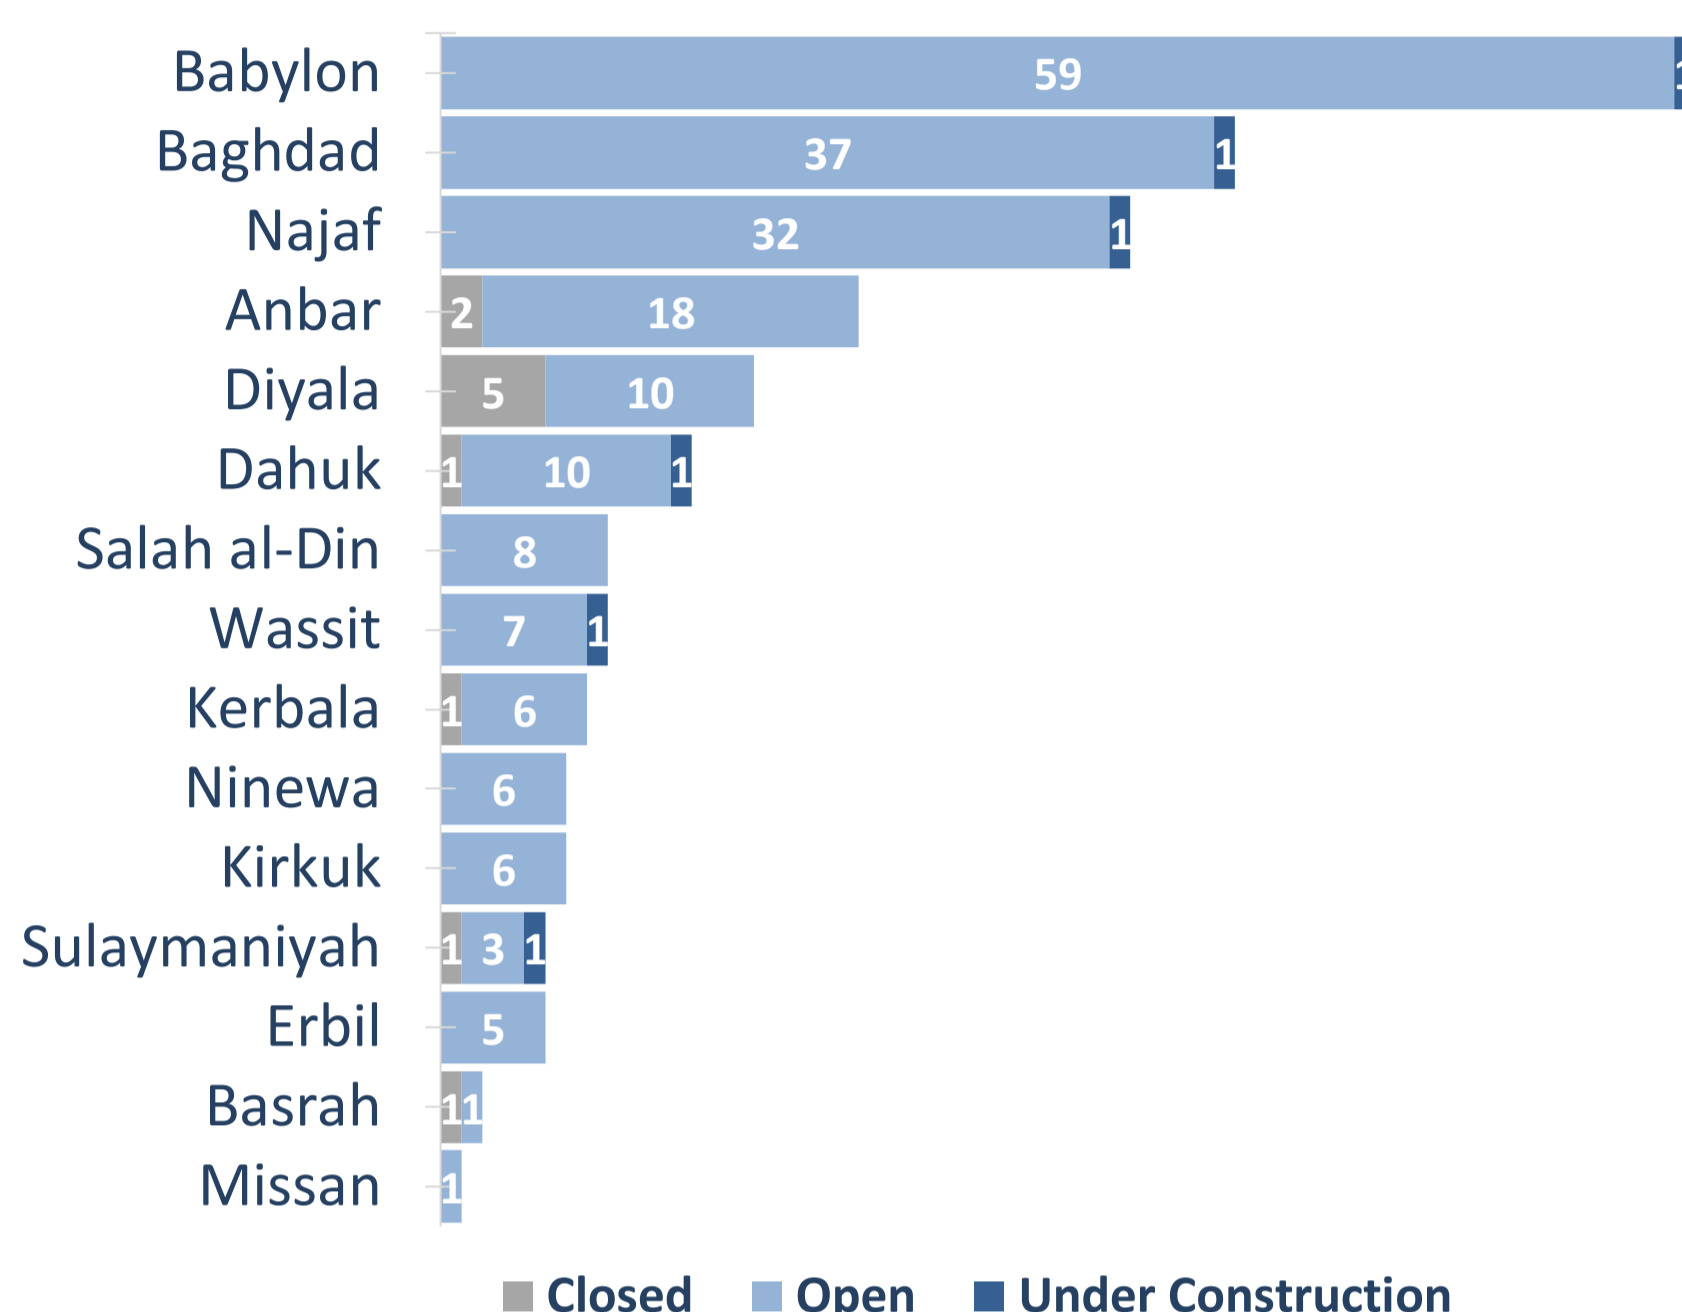

from 25 January to 3 March 2016 - February overview - updated version

CCCM Iraq distinguishes between two types of temporary settlements for IDPs; formal managed settlements and informal (self-settled) settlements. A formal managed settlement is a concentrated IDP location with both recognition and administration by the local authorities. The authorities often manage camps but sometimes this is done by a national or international NGO partner. A formal managed settlement can be planned camps, collective centers, or reception and transit centers. In Iraq, the current total number of CCCM IDP locations of concern is **2234**. As of February, the number of open formal settlements is **223**. This document provides detailed information on formal settlements. CCCM is working with partners to identify all settlements. Therefore this document will change according to update. Settlements for returnees are monitored by CCCM but are not visible from this list.

### Fomal Settlement Classification & Definition

#### Camps

- Recognised, administered and usually managed by the host government.
- CCCM Cluster partners may provide management services.
- Planned and built to accommodate refugees or IDPs.
- Located on a site in an open field.
- Government and partners provide basic services and infrastructure.

#### Collective Centers

- Recognised, administered and usually managed by the host government.
- CCCM Cluster partners may provide management services.
- Not planned or built to accommodate the displaced but modified for that purpose.
- Usually inside a community building such as a school, hall or religious buildings.
- Government and partners provide basic services as appropriate to the context.

#### Dispersed Transit Centres

- Recognised, administered and usually managed by the host government.
- Formerly buildings classified as urban dispersed settlement (informal settlement, Collective Shelters & Collective Centres).
- Similar purpose and services as for reception and transit centres.
