The interagency camp profiling process is an on-going activity promoted, coordinated and delivered by the Shelter/NFI/CCCM Cluster. 128 out of 136 known camps were profiled in Apr-Jun 2016. The information is collected from a number of sources and compiled into a series of single camp profiles, plus cross-camp analysis. This document represents single camp profile. The primary source of information are key informants in camp management or committee positions and IDP camp residents. For more information, contact Mr Soe Paing - paing@unhcr.org- UNHCR Information Management Unit, Myitkyina.
