

Early Recovery & Livelihoods Sector Working Group

Highlights of activities ending, March - 2017

The Working Group is focusing on early recovery of conflict-affected people, the stabilization of their livelihoods and the support to planning for and implementation of durable solutions to displacement in the most affected states of North East Nigeria. The working group is in close collaboration with the other sectors, ensuring a coordinated, complementary approach.

Persons of concern to the ER&LSWG Sector (Source HRP 2017)
