The RPA will be based on a survey of a representative sample of 4,000 households▪ The project will estimate a poverty interval, relying on Multidimensional Poverty Indicators (MPI); this would be based on an extrapolation of the latest poverty data (2004)▪ Data collection is finalized - to be released by end September |

| | <ul style="list-style-type: none"> ▪ A comprehensive report will be available at the end of 2016, and it will assess the poverty level in Lebanon at the national and regional levels, in light of the Syrian crisis. | | <ul style="list-style-type: none"> ▪ Prior to submitting application, interested organizations are requested to contact to OCHA Lebanon Humanitarian Financing Unit (HFU) in order to: (1) confirm Due Diligence status and (2) complete required Capacity Assessment. ▪ All applications should be submitted online via the Grant Management System (GMS) at (cbpf.unocha.org) by COB on 17 August 2016. ▪ The overall timeline of the allocation was highlighted (presentation attached for ease of reference) ▪ Sector coordinators are tasked to guide applicants on priorities per sector and confirm availability of committee members as per a schedule to be shared with sector coordinators ▪ Following the presentation, Food security /LHIF coordinators expressed concerns on the LHF consultations process such as lack of transparency and failure to represent all of the sectors. | | <ul style="list-style-type: none"> ▪ <u>Basic Assistance (BA) Sector:</u> New targeting approach was endorsed by the BA Working group. When applying the new approach, some cases receiving assistance will migrate from a vulnerability group to another; an in-depth analysis of the profile of those families is being undertaken. In addition, a group of least vulnerable families receiving assistance based on the old system will be discontinued. As a way forward, the sector will adopt the desk formula for all new inclusions – as an immediate effect, 10,000 severely vulnerable households (HH) were added in the August caseload. All discontinuation of assistance will happen through a phased approach. Communication strategies with beneficiaries are being developed in collaboration with the Protection sector. A more detailed presentation of the differences between both system will be made in the next BAWG. <p><u>Action Point</u></p> <ul style="list-style-type: none"> ▪ A request was made to develop a one pager on the new desk formula and share it with non-BA actors. ▪ <u>LCRP Update:</u> LCRP Steering Committee Meeting to be held on Monday August 8 in order to discuss 1) LCRP 2016: achievements and gaps 2) Planning process and timeline for 2017-2020.
