Contains 12 questions.</p> <p>The purpose of this annual survey was to get feedback on the current performance of sector and area-based coordination and also on whether there has been sufficient improvement since the last review.</p> <p>The target respondents were the regular participants in each sector group and area-based coordination mechanisms at Jordan country and field levels</p> <p>Key Findings:</p> <ul style="list-style-type: none"> - Generally the feedback was positive and improved - WASH received the highest respondents along with the Education sector. - No of respondents: 14 respondents out of 183 (2016 Survey) VS 28 respondents out of 222 (2017 Survey) - 39% of respondents are Excellent, 43% of respondents are above average and 18% of respondents are Average in terms of the overall coordination effectiveness. - 50% of respondents are satisfied with the overall management of the sector coordination meetings. - 75% of respondents are Yes, 7% Not always, 18% I don't know with the appropriation and clearance availability of the ToR and Work plan of the coordination mechanism. - 54% of respondents are Strengthened the inter-sector linkages this year. <p>Potential Action Items:</p> <ul style="list-style-type: none"> - Share the Survey PPT with other partners for their reference and feedback. - Encourage sector members about the importance of receiving continues feedback about the coordination mechanism for improvement, (not to wait till next survey in 2018). - It was suggested to have a particular survey for the WASH Coordination Groups in Azraq and Zaatari camps. <p>In conclusion, WASH WG Coordination mechanism improved from last year, due to the partner`s commitments, chair`s obligations and participant`s motivation to participate, share info and updates on their organization and services among the group.</p>	Maysa (UNHCR)	25 min

JRP Updates	<p>UNICEF and MoWI have uploaded all the JRP RES and REF Projects on JORISS.</p> <p>Next year in Jan 2018 the system will be opened to all partners to submit their projects for approval. If you have project and the budget is secured for that project don't wait till next year, upload it now for approval.</p> <p>REF component may not have cut this year due to the small budget compared to the RES component.</p> <p>MoPIC won't approve any hygiene projects soft component, it should be linked to hardware project component.</p> <p>Between 9 Oct – 9 Nov: MOPIC/JRPSC Secretariat will review all sector submissions and get back to TFs for clarifications, if needed.</p>		10 min
TFs Updates	<p>Hygiene Promotion HP</p> <p>Had a meeting on Monday 23 October.</p> <p>Now it's very difficult to find a focus on this TF. There is no common directions for the group.</p> <p>It was recommended not to continue in this TF and suggested to merge it with WASH in Schools as most of HP is done in schools.</p> <p>If HPTF will be merged with WASH in schools TF, then we need to activate the WASH in schools TF first.</p> <p>So far, UNICEF didn't recruit staff for HP.</p> <p>Gender:</p> <p>Arisa is leaving JEN in two weeks.</p> <p>The sector wants someone to replace her as a new sector gender focal point beside Eshraq (ACTED) and Majd (Future Pioneers). Would be great if we have male nominated for gender balance issues.</p> <p>The SGFPN will be meeting on Thursday 2 Nov.</p> <p>WASH in schools:</p> <p>It should be activated. TF should be included members from both Education and WASH sectors.</p> <p>Host Community:</p> <p>HC TF was chaired by MoWI & MC. Since Hebah Ababneh left MC this TF is inactivate.</p> <p>The Sector should activate it soon.</p> <p>Information Management IM:</p> <p>Had a meeting with the TF members and shared the JRP updates and PSS with them. As a results of the meeting, all the NGOs have entered their appeal on the ActivityInfo. Also had the discussion with the TF about the 4Ws.</p> <p>SWM:</p> <p>The TF will be meeting after the WASH WG Meeting and minutes will be shared.</p> <p>In Zaatari, working on 2018 proposal for solid waste management.
