

Overview

Jan—Jun, 2018

Proof of Registration (PoR) card is an important protection tool that provides temporary legal stay and freedom of movement for the 1.39 million registered Afghan refugees in Pakistan. PoR cards which have expired at the end of 2015 have been extended through official notification until 30 September 2018*.

Four PoR Card Modification (PCM) centres - located in Peshawar, Quetta, Karachi and Rawalpindi support the modification/ replacement of existing cards, the registration of new born children up to the age of five, the provision of PoR cards to registered children who have reached five years of age and who are now entitled to their own cards, as well as the issuance of birth certificates to children under the age of 18 years old.

As of March, 2018 Lahore PCM centre has suspended its activities and the centre has been closed effective from 5 March 2018.

In 2018, UNHCR has prioritised funds for the birth registration and the issuance of birth certificates to 90,000 children. The target for the issuance of individual PoR cards is 130,000 children who have reached five years of age and are eligible to receive their individual cards from the PCM centres.**

A total of 1,436 applicants availed themselves of the PCM centre services in June 2018 compared to 3,151 applicants in May 2018, representing a significant decrease (54%) during the reporting month. The decrease is attributed to the start of the fasting month of Ramadan.

**PoR cards have been extended until the end of September 2018 by the Federal Cabinet in its meeting of 30 June 2018, pending SAFRON submission of a Repatriation plan at which time a further extension will also be considered.*

PoR cards for children reaching five years of age

Registration activities per week

** Percentages are based on estimates of 90,000 new born children requiring registration and 130,000 children who have reached five years of age and are now entitled to their own PoR card (children below 5 are listed on the back of one of their parents' cards). 90,000 children require birth certificates.

Registration activities summary by location - January–June, 2018

Total registered refugees in Pakistan as of 30 June 2018

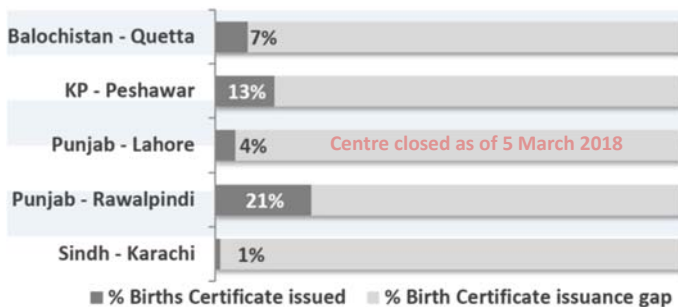

1,394,308

Birth registrations

Above percentage presented against the target of 90,000 new births during 2018

Birth certificates

Above percentage presented against the target of 90,000 birth certificates

Provision of PoR cards to registered children that have reached 5 years of age

Above percentage presented against the target of 130,000 children who have reached five years

Card modification / replacement

The following charts summarise the progress towards these targets and the remaining gaps.

The percentages for birth registrations, birth certificate issuance and provision of PoR cards to registered children that have reached five years of age are based on the estimates noted on page 1. These overall targets have been apportioned to each centre based on the size of the Afghan refugee population for which the centre provides services.

During June, the trend in registration activities decreased significantly compared to those in May 2018 at all PCM centres countrywide (a total of 539 children were registered in June 2018 at all the PCM centres countrywide and tow MRVs compared to 1,495 in the month of May 2018).

After the closure of PCM centre Lahore, PCM Rawalpindi is providing services to the applicants residing in Lahore and its surroundings. Access for the applicants residing in these areas will also be facilitated with an MRV deployment for a specific period of time in 2018.

UNHCR will continue to deploy 3 MRVs countrywide. Each MRV will be deployed for four months in KP, Balochistan and in Punjab.

During the reporting month, MRV operations started in KP (DI Khan) and Punjab (Rahim Yar Khan) province. The MRV in KP was deployed a period of 5 days in which it was managed to process a total of 56 applicants, while MRV deployed in Rahim Yar Khan district in Punjab province processed 254 applicants. A total of 127 birth certificates were also issued through the MRVs. MRV operations in Rahim Yar Khan and DI Khan district was concluded on 30 June 2018.

A total of 10,080 birth certificates were issued from 1 January to 30 June 2018 from all PCM centres and MRVs.

Note that the trend for PoR card modifications will naturally follow that of birth registrations and the provision of PoR cards to children over age of five. This is because children are added or removed from their parents' cards. Therefore, their parents' cards will also need to be modified.

From 1 January to 30 June 2018, 3,046 lost or stolen cards were replaced. Deaths of refugees continue to be significantly under-reported. Only 22 deaths were registered/ reported between January to June 2018.
