

CCCM Cluster Somalia Dashboard

as of 31 March 2019

General update

CCCM partners in distributed site maintenance tools in Nasa Hablod A and B in Hargeisa. They further visited IDP sites to map existing governance structures and humanitarian partner activities in the sites.

Construction of community centres, two in Garowe and three in Burtnile is ongoing to be completed by the end of March 2019. CCCM partner distributed additional site maintenance tools to the site committees.

CCCM partner conducted training on CCCM for 20 government officials from North and South Galkayo. In addition, 21 humanitarian staff from North and South Mudug were trained on CCCM on ways to improve coordination of the integrated multi-sectorial response at site level and to raise the quality of interventions and monitoring of humanitarian services in communal settings.

In Baidoa, the CCCM partner conducted one day workshop on camp governance for 50 community leaders (27 female and 23 male) from 6 IDP sites.

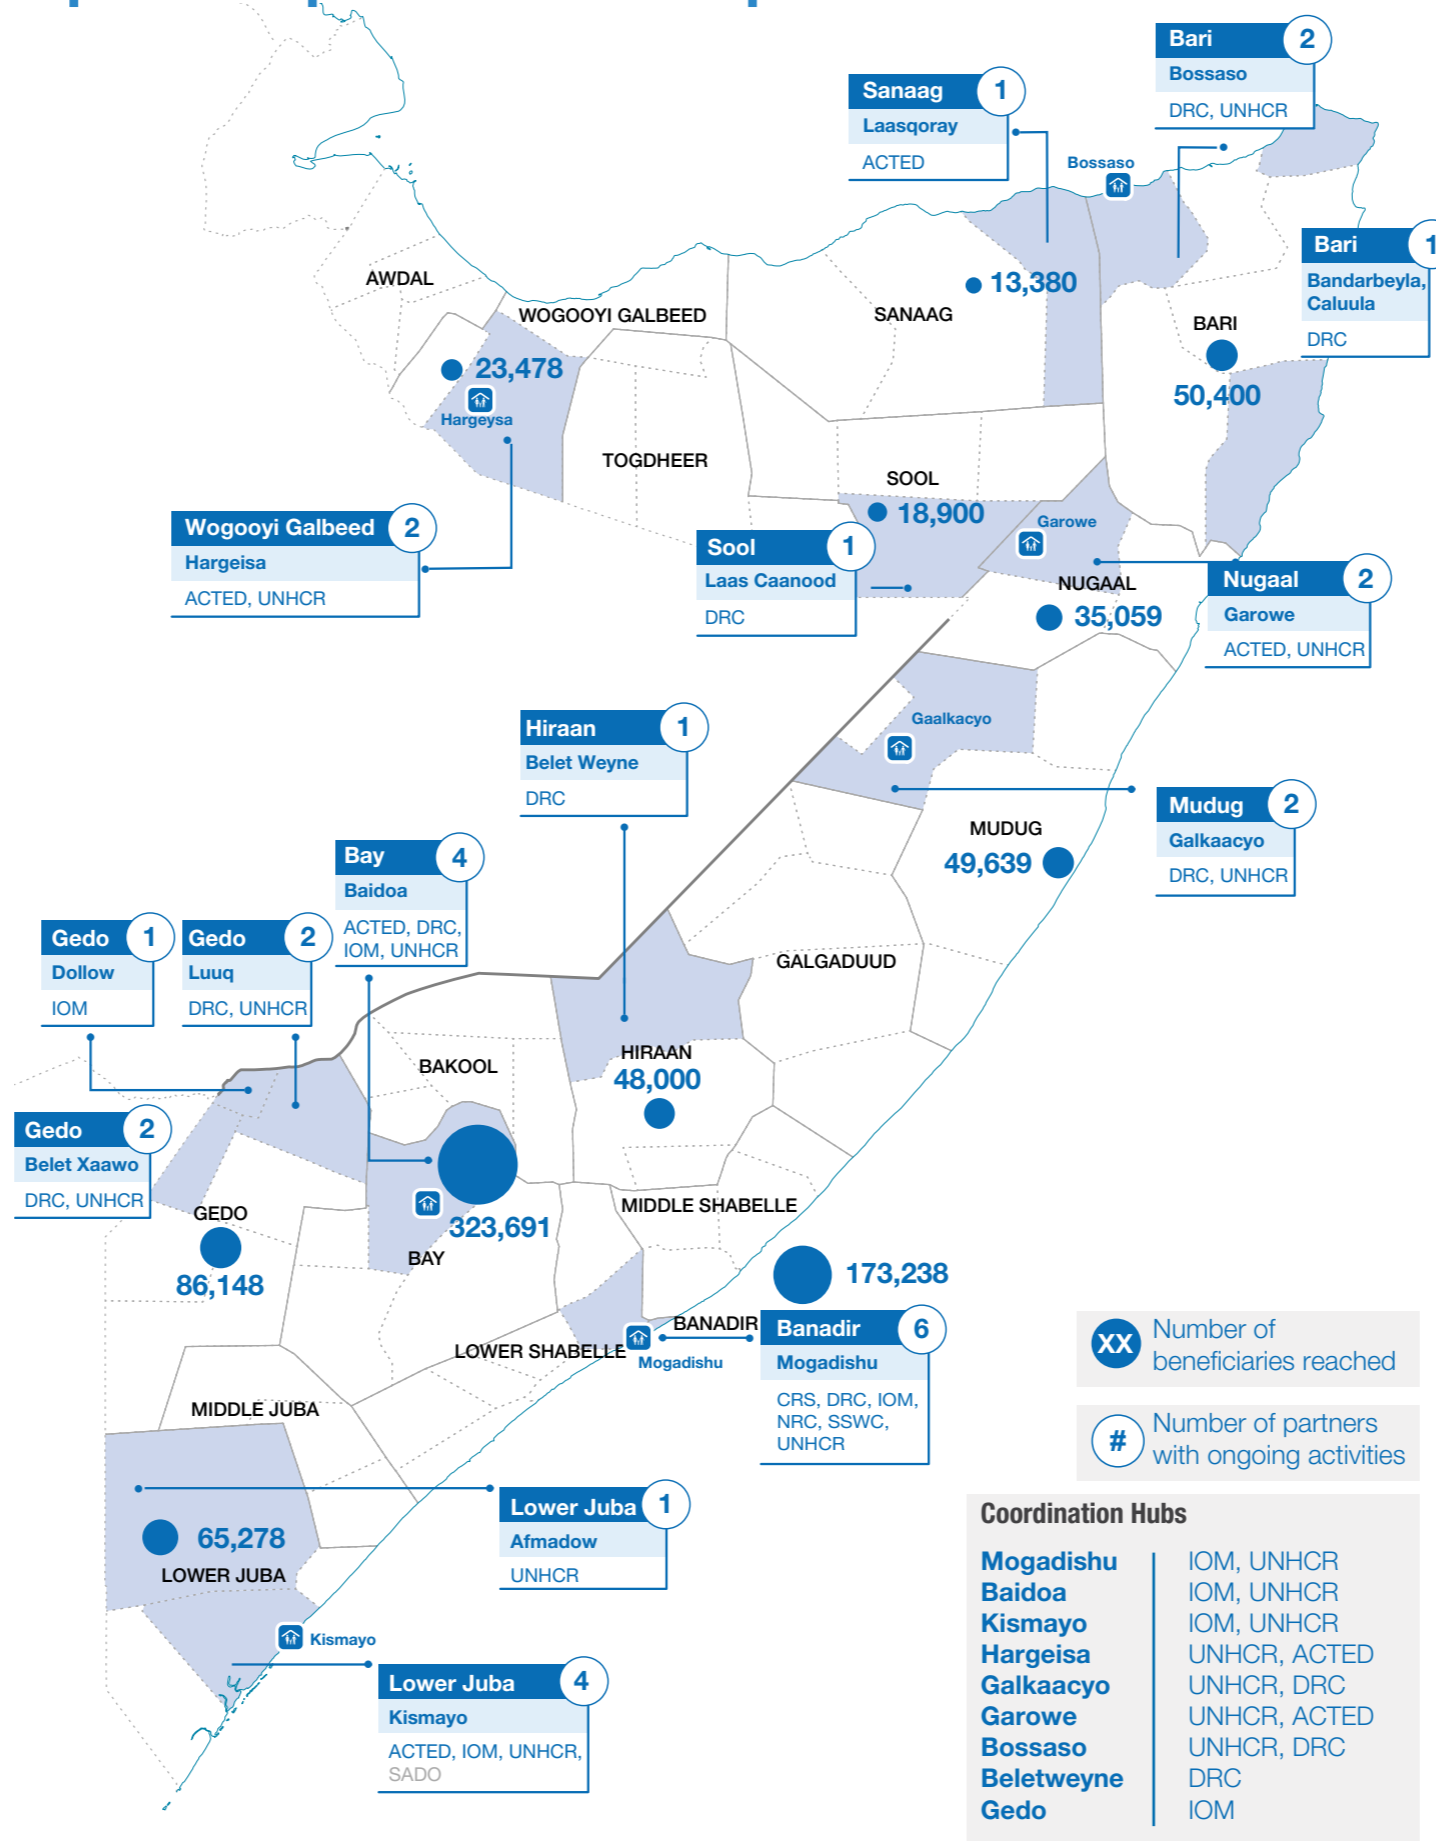

CCCM Partner provided cash for work for site maintenance activities in Banadir. 210 workers will benefit for the next three months. The beneficiaries were trained on site improvement activities. Site maintenance tools were distributed in 25 IDP camps.

CCCM teams in Doolow conducted community awareness campaigns in two IDP camps, Kabasa and Qansaxlay, on complaints and feedback process. IDPs were advised on where to report humanitarian issues and the kind of issues to report.

IDP site maintenance in Banadir, March 2019/SSWC

Operational presence of cluster partners

Overall Objective

To improve the living conditions and protection of IDPs in sites and settlements and ensure equitable access to services and assistance of all persons in need, with a clear focus on moving toward attaining durable solutions with full participation of the displaced and host communities.

Strategic indicators

Indicator	Target	Achieved
# of IDP reached by CCCM partners	1.8 million	887,211
# of sites with established CCCM mechanisms	1,926 sites	742 sites
# of districts covered by the Detailed Site Assessment	2,000+ sites	60 districts

Baseline data

2.6 million IDPs in Somalia
2,000+ IDP sites in Somalia

Gaps

- Restricted humanitarian access in some parts of south and central Somalia
- Lack of information on service provision at site level
- Lack of land tenure and forced evictions inhibit the ability of partners to improve living conditions in sites
- Low levels of community participation and AAP inhibit ability to improve beneficiary targeting to include marginalized populations
