

3RP-Turkey Food Security and Agriculture Sector WG Meeting Minutes Tuesday 21 January, 15:00hrs, FAO-Gaziantep

Chair(s): Lubna Siddique (FAO)

Information Management: Adile Sahin (FAO)

Participants:Figen Kelemer (Concern WW), Raed ElRafei (TRD), Mustafa Mano(TRD), Housam Halimeh (Shafak), Khaled Kabash (Shafak), Safwan Alhaiek (ATAA relief), Arij Shaaban (Al Resala), Çağlar Yetişkin (Head of Project), Özlem İntizamoğlu (WHH), Ivan Lwanga (IOM), Ali Aslan (GIZ), Alev Yıldırım (GIZ), Martin Fink (GIZ), Mezra Öner (GIZ), Claudius Bredehöft (GIZ), Ece Hazal Uluç (GOAL), Mohamad ALobaidy (MASRRAT), Kevser Pehlivan (STL), Maan Alsheikh Mure (Watan), Nurgül Elçik (YUVA), Eymen Abdullah Öztoprak (YUVA), Görkem Göker (TRC), Mohammed Nana (Al Resala), Kingsly Atem (DRC), Nezar Altawel (Alseeraj), Ousama Suveyd (Alseeraji), Lubna Siddique (FAO)

Agenda	Discussion	Action Points
Introduction and welcome	New sector lead was introduced and welcomed.	
FSA Sector updates of 2019-Sector lead	 The sector achievements and activities of partners during 2019 were presented. Lack of needs assessments in FSA sector and limited funding opportunities are the main obstacles in the long term strategic planning and response in agriculture sector, limiting the partners' ability to meet challenges in implementing agricultural programmes in Turkey. The FSA indicators were presented to the sector partners for endorsement. Syrian Refugee Resilience Plan (SRRP) 2020-21 of FAO, and Agricultural Livelihood and Labor Markets for Syrians under temporary protection and vulnerable host communities in six provinces of Turkey report will be disseminated and made available at the FSA sector portal accessible through the following link: https://data2.unhcr.org/en/working-group/77?sv=4&geo=113 	Following documents/ templates to be shared with the participants: - FSA sector Presentation - Assessment registry, and contact list for updating - SRRP 2020-2021 and ALLM assessment to be shared once finalized
Lessons learnt/case study-IOM presentation	 IOM presented the agro-business/farming activity implemented in İslahiye by providing honeybee starter kits to the BNFs. The project reached to 115 BNFs, out of that 50% were women, the project completed in 2019. Honey was marketed through a company in collaboration with municipalities and union of beehives in Gaziantep. 	 Presentation to be shared

	- The main challenges during project implementation were:	
	 Non-availability of land for beehives 	
	 Difficulty of finding beneficiaries in rural areas 	
	 Training of beneficiaries without stipends 	
	 Distribution of beehives during daytime 	
	 Limited number of vendors providing hives 	
FSA Sector Plan 2020-21	 FSA sector plan 2020-2021 was shared with the participants; Strengthening coordination and coherence mechanisms among FSA actors Strengthening information management in the sector Capacity Development for the sector as per members recommendations Inter-sectoral coordination approach will be reinforced Enhanced Food Security and Agriculture approaches and response through assessments, and research studies in FSA sector. The focal points of the Ministry of Agriculture and Forestry mainly in South-East provinces will be invited to the sector meetings on need/request basis. 	 Share FSA Sector Plan 2020-2021 presentation Members to send nominations for TA via email, TA will be selected by members during next FSA meeting.
FSA Sector partners' updates for 2020	 New Technical Advisor of FSA sector will be nominated by the sector partners for 2020-2021. WFP is implementing project entitled "Hope in the Kitchen" in collaboration with the Ministry of National Education, Ministry of Family, Labour and Social Services (İŞKUR) and Sukraan Association (only for Mardin), aiming to improve the self-reliance of Syrians under Temporary Protection and host communities. The participants will be enrolled in a three- months "Chef Assistant" training in partnership with the Ministry of National Education. Following the technical training, the participants will be matched with employers in the hospitality and foodservice sector in partnership with ISKUR, for an additional three- months on the job training. This project will be implemented in Istanbul, Adana, Ankara, Izmir, Kilis, Şanlıurfa and Mardin. Beneficiary selection process has been completed in all provinces and trainings will be initiated early February. DRC is conducting an assessment on livelihoods, and protection needs in the southeast Turkey, to understand market perspectives, opportunities and gaps to ensure evidence-based revisions in DRC's programme strategy for 2020-21 including future interventions. The report is expected to be ready by end of February. DRC is currently implementing the second phase of a livelihood project funded by KfW, targeting about 14.000 Syrians and host communities in two years duration. Project focuses on skills development (vocational training, entrepreneurship, asset support, soft skills, transferable skills, mentorship and linkages with employers) to guarantee employment in diverse economic sectors. 	 DRC to share their assessment report with the sector once its published.

 STL plans to provide Turkish courses, vocational training and entrepreneurship trainings within its livelihoods project in Hatay, Local food production course will be opened at the Culture House in Altnözü-district of Hatay in partnership with the District Governorate and Altnözü Municipality.
