

29 February 2020

Tunisia is primarily a transit country for most migrants, refugees and asylum-seekers. This population arrives by air, land and sea, through regular and irregular channels, often with the aim of moving onward to Europe.

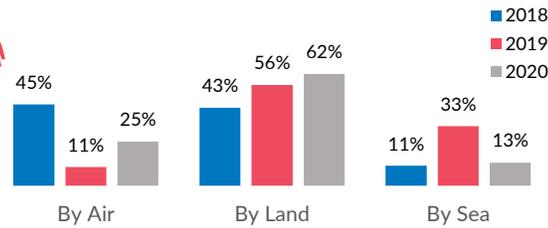

Individuals rescued at sea, intercepted, or arrested on the grounds of irregular stay or attempted irregular departure, are often referred to humanitarian actors by the authorities, and are then profiled, to obtain individuals' demographic data and to identify protection issues and specific needs.

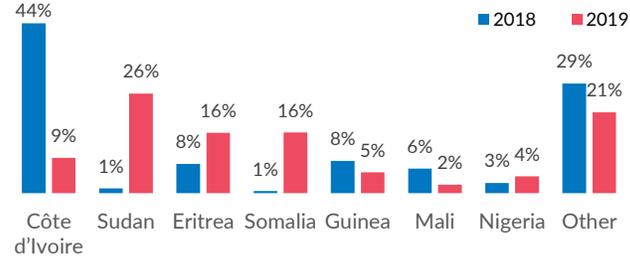

93 persons profiled since Jan 2020

1,082 persons profiled in 2019; **782** in 2018

Entry points to Tunisia

Country of Origin

Referrals

78% (73) Asylum-seekers referred to **UNHCR**
