- Keen to uphold the word "SADA" meaning voice in Arabic, our cooperative aspires to be the common voice, joint production premises and shared union of the women of different nationalities and cultures.

Our Vision

Empower women economically and socially through the solidarity of Turkish and refugee women.

Management and Organisation

At SADA Women's Cooperative, every partner has equal voice and participate actively in decision-making. We make decisions by exchanging views and voting in all processes ranging from naming the cooperative to selecting and designing its logo, from establishing management mechanisms to planning the work. All partners in our cooperative participate in production processes in the workshops of kitchen, textiles and shoe-upping based on their abilities. Our management board has 8 women. We also have the promotion and marketing commission and work organisation committee consisting of cooperative partners.

*Ardımızda acı, Ardımızda savaş,
Ardımızda zulüm bıraktık...
Vatanımızın ağaçlarını, toprağını,
kokusunu özlesek de
SADA Kadın Kooperatifi ile yeni,
parlak bir geleceğe adım attık...
Bu kooperatifte, azmi, fedakarlığı,
bu kooperatifte umudu tattık...
Bizim için doğan bu güneş,
ışık tuttu geleceğimize...
Ülkemizin ulu su dolapları (Na'ura)
ilham oldu hayallerimize...
Savaş bile erişemedi sevgi dolu yüreğimize...
Satın aldığımız bu çanta yol arkadaşı olsun size,
Aynı su dolaplarımız (Na'ura) gibi dımdık, hayat
versin direnişimize.....*

SADA KADIN KOOPERATİFİ

Halep, Şam, Humus ve Hama antik kenti Suriye'nin dört büyük kentidir ve bu şehirlere "dolaplar şehri" olarak da bilinir. Su dolabı veya Na'ura, akan suyun gücünü kullanarak suyun toplanması ve dağıtılması için tasarlanmış eski bir hidrolik yapıdır. Suriye'de Na'ura'nın ilk görsel tasviri MS 469 tarihli Apamea antik kentinden bir mozaik üzerinde bulunmakta, Klasik ve Helenistik dönemlere kadar uzanmaktadır.

Varlığı bu kadar eskilere dayanan Na'ura'lar şehirlere nehirden su taşıyarak tarımı, günlük hayatı, kültürü şekillendiren aynı zamanda Hama şehrinin görsel ve işitsel damgası araçlardır.

Ortaçağ yazarlarından Yakut'a göre (1225), Hama'da 884 civarında su dolabı vardı. Ancak 1930'larda 20, 2000'li yıllarda ise savaşlara rağmen hâlâ 17 adet su dolabı zamana direnmektedir.

We held a 5-day workshop with instructors of the Shoe-Design Department of of Gaziantep University and created this special bag design which reflected women and Syrian culture on the sample bag products.....

We have participated in many events...We have also many visitors from different organizations. Waiting for your visit too😊

SADA KADIN KOOPERATIFI

“Flowers on the branches, clouds in the sky, and women everywhere”

“We worked through our pains all together; we combined our hands; we made our dreams common; we blended our sharing, sorority with what we have built up on the road and worked them into our products...”

We revitalised our hope and bundled with our cooperative. Would you like to share our hope?”

Developments in Oncupinar TAC

Procedures for Syrians registered in Turkey

If already registered and in possession of a Temporary Protection ID card (kimlik), refugees will be issued with documents to enable **return to the province where they are registered**.

Individuals will be issued with a **notification document** (with the name of province of registration) to enable travel back to the province of registration.

If individuals do not have their Temporary Protection ID card, they will be given a copy of their Personal Information Form. **Refugees are expected to cover their own transportation-related costs.**

In the province of registration, individuals should approach PDMM within a week of the issuance date of the notification document.

At PDMM, individuals may be informed of a **reporting duty** that they will need to comply with, and present themselves to PDMM in that city at regular intervals.

Developments in Oncupinar TAC

If individuals **wish to return to Syria voluntarily**, they should express their intention to the PDMM officials for initiation of the procedures to return to Syria:

An **individual interview** will be conducted and individuals will be provided with counselling on the procedures and consequences of returning to Syria.

They will also be asked to sign the voluntary repatriation request form to record the voluntariness of their return to Syria.

If individuals sign a voluntary repatriation request form and agree to return to Syria, their temporary protection status in Turkey will end and they will not be able to return to Turkey.

Individuals will need to **stay in Kilis province** while their Temporary Protection ID card is being processed.
