At least 1 million girls (53per cent) and boys (47 per cent) in need of care and protection from abuse, discrimination, exploitation, neglect and violence in north-east Nigeria are targeted with child protection interventions. Prevention and response priorities will focus on vulnerable children, their caregivers and communities amongst IDPs, returnee and host communities most affected by the conflict, and based on the level of needs, vulnerabilities and coping mechanisms. Girls and boys between the age of 6 to 17 years, including adolescents, form 28 per cent and 25 per cent of the estimated population in need of child protection services respectively. The Sub-Sector response has prioritised localities most affected by the conflict, with Adamawa State representing 13 per cent, Borno State 77 per cent and Yobe State 10 per cent of the targeted population.

The overarching goal of the GBV Sub-Sector response plan is to provide safe and comprehensive services to those affected by genderbased violence and facilitate the recognition that GBV programming is the responsibility of all humanitarian actors and needs to be addressed with adequate, comprehensive and coordinated actions. The response plan is guided by three approaches: Life-saving response to survivors and those at risk of violence; GBV prevention and integration of GBV risk mitigation aimed at promoting dignity and safety in humanitarian action. Promotion of women leadership and participation in camp oversight groups will be prioritised. Emphasis is also placed on upholding the zero tolerance for Sexual Exploitation and Abuse (SEA) across the humanitarian system through promoting accountability, prevention measures and support to survivors.

The target population will benefit from life-saving risk education, mapping and marking of hazardous areas, development of community-owned protection and resilience mechanisms and identification and referral of survivors and affected IDP, returnees and host communities. The Sub-Sector response will target 17 LGAs across the BAY states.

The HLP sub-sector is coordinating and strengthening HLP interventions for the displaced and conflict-affected population. This objective responds to the common HLP challenges of insecure tenure on temporary settlements, poor housing conditions and inability to pay rent, and limited knowledge and capacity to access HLP rights.
