## Elevation *(Above mean sea level)*

A vertical color-coded elevation scale bar. It consists of nine horizontal bars of increasing length from bottom to top. The colors transition from dark grey at the bottom to bright green at the top. The scale is labeled with numerical values in metres on the right side of each bar: 'Below mean sea level' (dark grey), '0 to 250 metres' (light green), '250 to 500 metres' (medium light green), '500 to 750 metres' (light beige), '750 to 1,000 metres' (tan), '1,000 to 1,750 metres' (brown), '1,750 to 2,500 metres' (burnt orange), '2,500 to 3,250 metres' (orange-red), and '3,250 to 4,000 metres' (red).
